## DEPARTMENT OF POLITICAL SCIENCE

### SUMMARY OF THE CERTIFICATE COURSE

The Department of Political Science was started Certificate Course on 19<sup>nd</sup> August 2019 with the duration of 30 days for 30 hours from 28<sup>th</sup> September 2019. V.V.S Kumar, Principal of the SML Govt. Degree College inaugurating the course and explain the importance of Introduction to Psychology present scenario. The class was conducted from 9 AM to 10 AM in working days. The valedictory function was held on 28<sup>th</sup> September 2019. The Principal distributed course completion certificate and appreciated the faculty for successful completion of course. This course very useful for B.A students to know the basics of Introduction to Psychology and its relation with other sciences and understanding the exploration, excavation methods and conservation techniques. 30 students completed the course and received the certificate course in Introduction to Psychology for the Academic year 2019-2020.

#### **Outcomes:**

Introduction to Psychology

#### **Course Objectives and Outcomes:**

1. **Objective:** To gain a better understanding of the field of psychology both historic and current.

**Outcomes:** Students will be able to identify the major fields of study and theoretical perspectives within psychology and articulate their similarities and differences.

2. **Objective:** To become familiar with the research methodology commonly used by psychologists. To become familiar with the scientific method, and examine the benefits and limitations of this method of inquiry as it relates to developmental psychology.

**Outcomes:** Students will be able to differentiate between the major observational, correlational, experimental, and quasi-experimental designs used by developmental psychologists and articulate the benefits and limitations of each. Students will be able to critique various studies and theories based on this information.

3. **Objective:** To become familiar with the biological bases of behavior.

**Outcomes:** Students will be able to identify and discuss the biological bases of behavior on both the micro (e.g. neurocellular, neurophysiological, and neurochemical) and macro (e.g. central and peripheral nervous system) levels.

4. **Objectives:** To develop an understanding of processes involved in learning and cognition.

**Outcomes:** Students will be able to articulate the basic principles, major theories, and research concerning learning and cognition.

5. **Objective:** To develop an understanding of the various types of development that an individual experiences across the life-course.

**Outcomes:** Students will be able to discuss the major theories of development, critical research on development, and developmental concepts from across the life course.

6. **Objectives:** To become familiar with the theories concerning psychological health and disorders.

**Outcomes:** Students will be able to discuss the symptomatology, possible etiology, and proposed treatment for the major categories of psychological disorders.

7. **Objective:** To become familiar with the theories concerning human behavior in a social context.

**Outcomes:** Students will be able to identify and discuss the major theories and research from the area of social psychology.

8. **Objective:** To become familiar with the rapidly growing body of literature on psychology.

**Outcomes:** Students will be able to read current literature related to a specific psychological topic and write a paper discussing and evaluating this research.
