Back ground of our institute

The Department of botany in S.M.L. Government Degree has been started in 1982. We have three years of students. First year syllabus includes viruses, bacteria, cyan bacteria, algae, fungi, byrophyta, pteridophyta and gymnosperms. Second year syllabus includes anatomy, reproductive biology, taxonomy and medicinal botany. Third year syllabus includes cytology, genetic, ecology and biodiversity. Four papers include Photosynthesis, Respiration, enzymes, nitrogen metabolism, biotechnology and horticulture.

The existing curriculum do not expose the students to present day agricultural needs such as new varieties in vegetables, cereals, millets, oil seeds etc. Knowledge of insecticides and pesticide and crop management is also very important thing for our students since they are coming agricultural back ground. Since our curriculum is purely theoretical we would like to enlighten our students with the help of your esteemed instate.

Reporting:

All the correspondence will be maintained by Dr. D. Raghu Ramulu, In charge of the Department of Botany, S.M.L. Govt. Degree College, Yemmiganur.

Funding

This MOU is not a commitment of funds

Duration:

Duration will be retained as long as our understandings sustained

Purpose:

- Exchange of knowledge
- Exchange of human recourses
- Students field visits
- Updating Agricultural information.
- Invited lectures.

MEMORANDUM OF AGREEMENT

BETWEEN

Andhra Pradesh State Skill Development Corporation (First Party)

AND

Sri Mahayogi Lakshmamma Government Degree College Yemmiganur (SECOND PARTY)

This Memorandum of Agreement (MoA) is entered into on **23 Day of May, 2017**.

Andhra Pradesh State Skill Development Corporation, represented by the Executive Director-II having its office at Door No. 78/1, G&J Infra Infosight Building, Pathuru Junction, Tadepalli - 522501 (hereinafter referred to as "APSSDC" or First Party, which expression shall unless repugnant to this context or meaning thereof, includes its successor in office, legal representatives and permitted assigns) of the One Part.

And

The **Sri Mahayogi Lakshmamma Govt. Degree College Yemmiganur – 518360, Kurnool (Dist) A.P.** registered under provisions of Act 1981 bearing registration number 42 of 1981 represented by **Dr. V.V. Subrahmanya Kumar**, Correspondent, having its registered office at Yemmiganur having a Educational Institution by the name **SML Govt. Degree College, Yemmiganur** (hereinafter referred to as **SML Govt. Degree College, Yemmiganur** or Second Party, which expression shall unless repugnant to this context or meaning thereof, includes its successor in office, legal representatives and permitted assigns) of the other Part.

WHEREAS

(a) APSSDC is a unique organization formed as a public private partnership (PPP) corporation to promote skill-development & entrepreneurship in the state of Andhra Pradesh. APSSDC is the Executive Agency for the Department of Skill Development, Entrepreneurship and Innovation, Govt. of Andhra Pradesh (GoAP) serving the important task of providing high quality skilled manpower as part of the knowledge and Skills Mission of GoAP. The main objective of the Corporation is to implement a structured and pragmatic solution to skill & upskill the workforce in the State of Andhra Pradesh and to increase employability and promote entrepreneurship in sync with Industrial growth of the State.

(b) In its endeavors to enhance the Employability Skills of Under Graduate and Post Graduate course perusing students, APSSDC has selected some of the leading Degree/PG Colleges for providing the infrastructural facilities additionally required for running the Skill Development programs. In this direction, the first party intend to establish Employability Skills Centres (ESCs) in progressive UG/ PG colleges/ Autonomous institutions / Govt Colleges / University Campus PG colleges. Through this MoA, APSSDC intends to associate with **SML Govt. Degree College, Yemmiganur** to train different segments of students and Job seeking youth in systematic enhancement of Employability Skills towards gainful employment for students / Job seekers;

(c) The Second Party having been into Educational services through its College by name **SML Govt. Degree College, Yemmiganur** submitted a proposal to the first party, upon understanding the requirements and functions of proposed Employability Skill Centres (ESCs). As the second party has intention and requirements as per criterion and agreed to provide services to the first party on the terms and conditions as set forth in this MoA.

(d) In pursuance thereof, the parties have agreed to enter into this Agreement.

A. **PURPOSE:**

The purpose of this MoA is to sort out the roles and responsibilities of both parties in establishing and managing Employability Skill Centres (ESCs) for UG/ PG studying candidates in various Degree/PG Colleges/University Campuses to enhance employability of students.

ROLES AND RESPONSIBILITIES:

B. **FIRST PARTY**

APSSDC shall

- provide a platform for registration of trainees online and mapping of institutions and students;
- identify and provide course curriculum to suit latest and future technologies;
- prepare over all calendar programs and communicate to Second Party;
- Organize Training Programs for all Under Graduate and Post Graduate students. The programs would be of nature, common core (for all students); and modular (elective in nature) and Community specific modules;
- appoint required manpower to manage and co-ordinate Trainings in ESCs;
- install requisite IT infrastructure as listed in Annexure in the Employability Skills centers (ESCs) in the earmarked rooms by the second party;
- shall prepare Operational Guidelines for ESC to be followed by both the parties;

- take care of insurance, regular maintenance and consumables items pertaining to Hardware provided;
- have right on any undefined business and activity that falls under purview of this MoA;
- exercise its right to cancel the permission now granted to the colleges/institutions in the event of not fulfilling their obligations.

C.SECOND PARTY

The College/ Institution shall

- provide the building space in terms of Two (2) Computer Labs and One (1) E-Class room with a minimum seating capacity of 50 each room space at the College premises to the First Party for establishing the Employability Skill Center allocated. The second party shall ensure adequate furniture and electrical fixtures in the class rooms and labs;

- be responsible for ensuring proper physical security of the IT & other electronic Items as per Annexure-1. Towards security, the second party shall do necessary arrangements and ensure the security for the items;

- shall ensure internet connectivity of 150Mbps bandwidth;

- shall mobilize faculty and students of the college/institution for trainings and Certification;

- facilitate trainings for different segments namely students within campus, students from other colleges, job seeking youth and the college shall allow its students to attend programs, take assessments and interviews as per schedule communicated by first party;

- provide separate Toilets to the boys and girls, who undergone training at the Employability Skill Center;

- put necessary efforts and ensure maximum participation of students belonging to Scheduled Caste (SC) and Scheduled Tribe (ST) Categories in the college;

- appoint a Centre Coordinator as Single point of contact person (SPOC) for all admin and programme related activities at the Employability Skill Centre for smooth running of the ESC;

- actively participate in the ESC Programs, communicate feedback from the college and students, suggesting for betterment of the ESC programs towards maximizing reach;

- arrange for common facilities of housekeeping, security, electrical supply, Drinking and Usage water to the Toilets for the Employability Skill Center students;

- ensure to mark the daily attendance of candidates in the suggested mode (manual or bio metric or iris scan or so) by the SPOC of Second Party in coordination with ESC Coordinator;

- facilitating in collecting the registration fee as communicated by the First Party, from the candidates provided by the Second Party;

- shall follow Operational Guidelines of ESCs in maintaining activities in ESCs.

Compliances:

- **Monitoring**: The activities of ESC shall be regularly monitored through an IT monitoring system at APSSDC on a real time basis and also through the monitoring committee of APSSDC.
- **Management Information System:** To submit all reports and documents relating to progress of the students on rolls, Accounts, Audit and Annual Work Plan, as specified at such frequency as may be required by APSSDC.
- Details of Data of Number of students passed out, placed (Trained for Employability), and unplaced on year-on-year basis.
- Institutions will face punitive action if found to be:
  - ❖ Charging capitation fee or indulging in any other malpractice
  - ❖ Provided false data in their reports
  - ❖ Unable to achieve targets set by APSSDC/themselves in Proposals consistently

Any non-compliance with the terms and conditions of this Agreement.

D Responsibilities of both the Parties

Both the Parties agree that:

D.1 The Parties shall diligently perform their respective obligation under the Arrangement as per the procedure set forth above.

D.2 Neither Party shall share any Confidential Information with any other party. The sharing of such database by each other will be on trust that it will not be used by either Party for providing any kind of information to any third party.

D.3 The Parties agree to use the Confidential Information only for the purposes of this Arrangement and only as permitted herein under this MoA.

D.4. The ESC shall exclusively be used for in program to be assigned by the First Party to Second Party.

E: Ownership of assets: The ownership of the IT infrastructure/assets lies with APSSDC whereas the second party, would be the custodian of the installed assets.

F. Arbitration: The Parties shall endeavor to resolve all or any dispute or difference arising out of or in connection with this MoA, amicably within 30 days of notice in writing being issued by the non-defaulting party to the defaulting party indicating such dispute or difference. In case no amicable solution is arrived between the Parties within the said 30 days, then such dispute/s shall be settled through Arbitration as per the provisions of the Arbitration and Conciliation Act, 1996 as amended from time to time. The arbitration shall be done by a Sole Arbitrator appointed by APSSDC. The written award of the Arbitrator shall be final and binding on all the Parties. The seat and venue for the arbitration proceedings shall be at Vijayawada, Andhra Pradesh.

G. Termination of the MoA:

APSSDC shall have the right to terminate this MoA without assigning any reasons by giving prior written notice of 60 (Sixty) days through its authorized signatory. Without prejudice to the above, either Party may terminate this MoA by giving 30 (Thirty) days' written notice through its authorized signatory in the event of any material breach of any of the material terms of this MoA by the other Party. The non-defaulting party shall first serve a written notice of its intention to terminate this MoA to the defaulting party highlighting the material breach and giving the defaulting party a period of 30 days or such extended period as may be mutually agreed to within which to remedy the material breach. Should such event of a material breach remain unresolved/unrectified within the said notice period of 30 days or such extended period as may be mutually agreed to, the non-defaulting shall be able to terminate the MoA forthwith.

F. Representations and Warranties by the Parties

In addition to the above the Parties hereto represent and warrants to other Parties as under:

a) That it is duly organized and validly existing under the laws of the jurisdiction in which incorporated and has the necessary corporate power and authority under Applicable Laws to carry on its business and or perform its functions.

b) That this MoA

I.is within its powers and has been duly authorized by it; and

II.does not conflict in any material respect with any law or regulation or its constitutional documents or any document binding on it and that it has obtained all necessary consents for the performance by it under this MoA.

c) That all information set forth in this MoA is true and correct and is not misleading in letter and spirit.

G. Period of validity:

This MoA is effective from _____ and shall be in force for a period of **three years**, unless terminated by mutual consent of the parties.

H. Notices:

Unless otherwise provided herein, all notices or other communications under or in connection with this MoA shall be in English, will be issued in writing and shall be signed by the authorized representative of the issuing / serving Party and may be sent by personal delivery or post or courier or facsimile to the address, facsimile number given below. Any such notice or other communication will be deemed to be effective if sent by personal delivery, when delivered, if sent by post, three days after being deposited in the post and if sent by courier, two days after being deposited with the courier, and if sent by facsimile, when sent (on receipt of a confirmation to the correct facsimile number).

I. Communications and publicity:

The Parties shall consult and agree on all and any intended communications, publications, presentations and documentations relating to this Arrangement/ MoA(jointly the "Communication(s)") in advance prior to the intended release. If a MoA cannot be reached, a Party shall have the right to disclaim endorsement and/or dissociate itself from that Communication(s). No party shall use logo/trade mark etc. of each of the parties without obtaining its prior written concurrence to that effect.

J. IT IS MUTUALLY UNDERSTOOD AND AGREED BY AND BETWEEN THE PARTIES THAT:

Amendment: Amendment within the scope of the instrument shall be made by mutual consent of the parties, by the issuance of a written modification, signed, and dated by all parties, prior to any changes being performed but all rights reserved by First Party can change any point of time needed.

Information Ownership: All information provided by First Party shall only be utilized for conducting training and placement assistance and First Party holds no ownership over the

content prepared by Second party. First Party will in no way share or distribute any information received with other public or private agencies, organizations, and individuals.

Participation in similar Activities: This instrument in no way restricts First Party from participating in similar activities with other public or private agencies, organizations, and individuals.

Non-Fund obligating document: This instrument is neither a fiscal nor a funds obligation document.

Establishment of Responsibility: This MoA is not intended to, and not create any right benefit or trust responsibility, substantive or procedural, enforceable at law, by a party against First Party or Second Party.

Relationship: The engagement is on a principal to principal basis and no party shall hold each other as agent and or principal of the other for any liability. This engagement is not intended nor shall be construed as creating a joint venture, partnership or other form of business association.

Assignment: The Second party shall, without the First Party's prior written consent assign, change, charge or otherwise transfer or delegate or share the rights, obligations or any provision of this Engagement to any other person.

Severability: In the event that any provision or any portion of any provision of this MoA shall be held invalid, illegal or unenforceable under applicable law, the remainder of this MoA shall remain valid and enforceable in accordance with its terms.

The parties hereto have executed this agreement as of the date mentioned herein above.

A TWO DAY TRANING PROGRAMME

ON

SOFT SKILS

(27-08-2018 and 28-08-2018)

CONDUCTED

BY

APSSDC TRAINER

Ms. Manisha Purkar

APSSDC TRAINER

SRI MAHAYOGI LAKSHMAMMA GOVERNMENT DEGREE COLLLEGE -YEMMIGANUR

A TWO DAY TRAINING ON SOFT SKILLS

Syllabus :

"LSRW" stands for Listening, Speaking, Reading, and Writing .The four essential skills in language learning. Syllabus is mainly focused on developing these skills in an integrated manner and to incorporates the activities to enhance listening, speaking, reading, and writing abilities.

Introduction to Language Skills and Basics.

- Understanding the importance of LSRW in language learning
- Basic listening exercises to identify sounds, tones, and intonation
- Simple speaking activities to introduce oneself and others
- Reading short texts for comprehension
- Basic writing exercises, such as forming sentences and paragraphs

Listening Skills Development

- Listening to various accents and identifying key information
- Note-taking during listening exercises
- Listening to different genres (news, interviews, podcasts)
- Speaking activities based on the listened content
- Basic writing prompts related to the listening material

Speaking Skills Enhancement

- Building vocabulary for effective communication
- Role-playing exercises for real-life situations
- Group discussions on selected topics
- Pronunciation and fluency development activities
- Short writing tasks based on the spoken topics

Reading Comprehension and Analysis

- Reading comprehension exercises with a focus on main ideas and details
- Vocabulary expansion through reading
- Analysing different types of texts (narrative, descriptive, expository)
- Speaking activities based on the read material
- Writing summaries and reflections on the reading material

Writing Skills Refinement

- Developing paragraph and essay structure
- Grammar and sentence structure improvement
- Creative writing exercises
- Peer editing and feedback sessions

SRI MAHAYOGI LAKSHMAMMA GOVERNMENT DEGREE COLLLEGE -YEMMIGANUR

A TWO DAY TRAINING ON COMPUTATION METHODS

Syllabus :

A syllabus specifically focused on Basics of Mathematics, Arithematic and number series within quantitative aptitude can help participants develop strong problem-solving skills.

Basics of Mathematics and Numbers

- Understanding of basic mathematical operations (addition, subtraction, multiplication, division)
- Properties of numbers (prime numbers, even and odd numbers)
- Decimal and fraction concepts

Arithmetic

- Percentage and its applications
- Profit and loss
- Simple and compound interest
- Ratio and proportion
- Time, speed, and distance

Introduction to Number Series

- Definition and types of number series (arithmetic, geometric, and mixed series)
- Identifying patterns and rules in number series
- Common types of sequences (odd/even, consecutive, squares, cubes)

MEMORANDUM OF UNDERSTANDING

BETWEEN

IQAC, S.M.L GOVT. DEGREE COLLEGE (NAAC 'B' Grade), YEMMIGANUR.

AND

VIJAYA MAHILA MANDALI, NANDAVARAM

This Memorandum of Understanding (here in after referred to as this "MoU") is made effective on and from 11th June 2018 ("the Effective date")

IQAC, S.M.L Govt.Degree College, Yemmiganur and Vijaya Mahila Mandali, Nandavaram agree to work towards establishing an academic cooperation in areas of student's interest by mutual agreement as set forth in this memorandum of understanding (MOU).

OBJECTIVES:

1. To create Awareness on STD/HIV/AIDS diseases.
2. To create Awareness among Rural and Urban / slum people on Mother and Child Health care.
3. To provide livelihood sources.
4. To create Awareness and implementation on sanitation and safe drinking water.
5. To create Awareness among environment and development of social forest.
7. To create Awareness Adult education & Health education.
8. To create awareness on Prevention of Women Trafficking and educate on women trafficking.
9. To create Awareness on Women rights.
10. To Do protest and stop violence against women and girls.

NATURE OF COLLABORATION:

This MOU shall be valid initially for two years from the date of execution from both the parties and extendable further as per the need of both the parties.

Both the parties shall take responsible steps to ensure the successful completion of the collaboration and shall cooperate with each other, in performance of their respective obligations.

Each party shall be at liberty to terminate this MOU with a written notice period of three months, to the other party with any compensation and selecting legal redress. Further, protection and exploitation of any data and/ or intellectual property rights that arise as a result of any

collaborative activity will be any data and/ or intellectual property rights that arise as a result of any collaborative activity will be agreed on a case-to-case basis.

This MOU is signed subject to approval of the respective academic/administrative bodies and not intended to be legally binding, not to create any evidence or imply any contract obligation to enter in to a contract or obligation to negotiate.

MEMORANDUM OF UNDERSTANDING

BETWEEN

DEPT.OF Botany, S.M.L GOVT. DEGREE COLLEGE (NAAC 'B' Grade),

YEMMIGANUR.

AND

DEPT.OF Botany, The Adoni Arts & Science College (NAAC 'B' GRADE), ADONI.

This Memorandum of Understanding (here in after referred to as this "MoU") is made effective on and from 2nd November 2020 ("the Effective date")

Department of Botany, S.M.L Govt.Degree College, Yemmiganur and Dept. of Botany. The Adoni Arts & Science College (NAAC 'B' GRADE), Adoni, agree to work towards establishing an academic cooperation in areas of students interest by mutual agreement as set forth in this memorandum of understanding (MOU).

OBJECTIVES:

1. To develop academic and educational cooperation, establish a collaborative program in between the departments and to cooperate in their mutual interest for a range of higher educational activities.
2. To exchange information on research and educational programmes.
3. To exchange information on teaching, learning material and other educational and research programmes
4. To inculcate research activities in our institution with your support and cooperation.
5. To enhance quality of the students by providing need-based knowledge in the area of Botany.
7. To enhance the employability skills of students by providing them add on courses, by organizing guest lectures, exchange of research and students, teaching materials, short term educational programs and thus providing learning material to enrich their educational talent and learning attitude.
8. Search for opportunities to collaborate in the future.

NATURE OF COLLABORATION:

This MOU shall be valid initially for two years from the date of execution from both the parties and extendable further as per the need of both the parties.

Both the parties shall take responsible steps to ensure the successful completion of the collaboration and shall cooperate with each other, in performance of their respective obligations.

Each party shall be at liberty to terminate this MOU with a written notice period of three months, to the other party with any compensation and selecting legal redress. Further, protection and exploitation of any data and/ or intellectual property rights that arise as a result of any collaborative activity will be any data and/ or intellectual property rights that arise as a result of any collaborative activity will be agreed on a case-to-case basis.

This MOU is signed subject to approval of the respective academic/administrative bodies and not intended to be legally binding, not to create any evidence or imply any contract obligation to enter in to a contract or obligation to negotiate.

Memorandum of Understanding (MOU)
Between
The Department of English
Sri Mahayogi Lakshmamma Govt. Degree College, Yemmiganur
And
The Department of English
S.V.B. Govt. Degree College, Koilkuntla

The Department of English of Sri Mahayogi Lakshmamma Government Degree College, Yemmiganur and the Department of English of S.V.B. Government Degree College, Koilkuntla, wishing to make a memorandum of understanding for mutual cooperation in both colleges' academic excellence, agree upon the following requirements for the benefit of students for the academic years 2021-22 and 2022-23.

Objectives:

- Faculty exchanges to serve as extension speakers
- For exchanging knowledge of educational and research initiatives
- To share teaching, learning and other books important to their educational and research programs.
- To organize seminars, conferences, or workshops on subjects that interest both parties and to invite teachers from those institutions as participants.
- For the purpose of exchanging graduates and undergraduates during campus drives, cultural events and other things
- To improve the students' soft skills and speaking abilities by giving them short-term courses and add-on courses

Nature of Collaboration:

The agreement will come into effect on the date that the undersigned representatives of the two colleges sign it and will stay in effect for two years after that. The representatives of both colleges have mutually agreed to change and extend this agreement and they agree to be bound by the terms and conditions of both colleges.

In order for the collaboration to be successful, both sides must take responsible action and work together to fulfill their duties.

MEMORANDUM OF UNDERSTANDING
BETWEEN

Department of Chemistry
Sri Mahayogi Lakshmamma Government Degree College, Yemmiganur.
Kurnool (Dist.), Andhra Pradesh.
AND
Department of Chemistry
The Adoni Arts and Science College, Adoni.
Kurnool (Dist.), Andhra Pradesh.

This Memorandum of Understanding (herein after referred to as this "MoU") is made effective on and from18th October 2021 ("the Effective date").

Department of Chemistry, Sri Mahayogi Lakshmamma Government Degree College, Yemmiganur and Department of Chemistry, The Adoni Arts and Science College, Adoni agree to work towards establishing an academic and research cooperation in areas of students interest by mutual agreement as set forth in this memorandum of understanding (MOU).

OBJECTIVES:

1. To develop academic and educational cooperation, establish a collaborative program in between the departments and to cooperate in their mutual interest for a range of higher educational activities.
2. To exchange information on research and educational programmes.
3. To exchange information on teaching, learning material and other literature relevant to them educational and research programmes.
4. To inculcate research activities in our institution with your support and cooperation.
5. To enhance quality of the students by providing need-based knowledge in the area of Chemistry.
6. To enhance the employability skills of students by providing them add on courses, by organizing guest lectures, exchange of research and students, teaching materials, short term educational programs and thus providing learning material to enrich their educational talent and learning attitude.
7. To share the hands on experience and practical skills regarding laboratory and field explorations.
8. Search for opportunities to collaborate in the future.

NATURE OF COLLABORATION:

This MOU shall be valid initially for two years from the date of execution from both the parties and extendable further as per the need of both the parties.

Both the parties shall take responsible steps to ensure the successful completion of the collaboration and shall cooperate with each other, in performance of their respective obligations.

Each party shall be at liberty to terminate this MOU with a written notice period of three months, to the other party with any compensation and selecting legal redress. Further, protection and exploitation of any data and/or intellectual property rights that arise as a result of any collaborative activity will be any data and/or intellectual property rights that arise as a result of any collaborative activity will be agreed on a case-to-case basis.

This MOU is signed subject to approval of the respective academic/administrative bodies and not intended to be legally binding, not to create any evidence or imply any contract obligation to enter in to a contract or obligation to negotiate.

MEMORANDUM OF UNDERSTANDING

BETWEEN
DEPT.OF MATHEMATICS, S.M.L GOVT. DEGREE COLLEGE: YEMMIGANUR.

AND

DEPT.OF MATHEMATICS, SILVER JUBILEE GOVT.COLLEGE (NAAC 'A' GRADE), KURNOOL.

This Memorandum of Understanding (here in after referred to as this "MoU") is made effective on and from _____(Wednesday 19th January 2022) ("the Effective date")

Department of Mathematics, S.M.L Govt. Degree College, Yemmiganur and Dept. of Mathematics. Silver Jubilee Govt. College, (NAAC 'A' GRADE), Kurnool, agree to work towards establishing an academic cooperation in areas of students interest by mutual agreement as set forth in this memorandum of understanding (MOU).

OBJECTIVES

To develop academic and educational cooperation, establish a collaborative programme in between departments and to cooperate in their mutual interest for a range of higher educational activities.

2. To exchange information on research and educational programmes.

3. To exchange information on teaching, learning material and other literature relevant to them educational and research programmes.

4. To inculcate research activities in our institution with your support and cooperation.

5. To inculcate research activities in our institution with your support and cooperation

6. To enhance quality of the students by providing need-based knowledge in the area of Mathematics

7. To enhance the employability skills of students by providing them add on courses, by organizing given lectures, exchange of research and students, teaching materials, short term educational programs and thus providing learning material to enrich their educational talent and learning attitude.

8. Search for opportunities to collaborate in the future.

NATURE OF COLLABORATION:

This MOU shall be valid initially for two years from the date of execution from both the parties and extendable further as per the need of both the parties.

Both the parties shall take responsible steps to ensure the successful completion of the collaboration and shall cooperate with each other, in performance of their respective obligations.

Each party shall be at liberty to terminate this MOU with a written notice period of three months to the other party with any compensation and selecting legal redress. Further, protection and exploitation of any data and/ or intellectual property rights that arise as a result of any collaborative activity will be any data and/or intellectual property rights that arise as a result of any collaborative activity will be agreed on a case to case basis

This MOU is signed subject to approval of the respective academic/administrative bodies and not intended to be legally binding, not to create any evidence or imply any contract obligation to enter into a contract or obligation to negotiate.

Academic Extension Activity:

Date	16-09-2022
Name of the Activity	Guest Lecture on "Software Development Life Cycle"
Institute Details	KSN Govt. Degree College For Women, Ananthapuramu
No. of Students Participated	32

Brief Report:

Sri. C. Naga Pradeep Lecturer in Computer Science Sri Mahayogi Lakshmamma Government Degree College, Yemmiganur, Kurnool(D), who given guest lectures to B.Sc. students at KSN GDC(W), Ananthapuramu about Software Development Life Cycle, respectively.

A. Objectives

- To provide information about Software Development Life Cycle;
- Ensure the delivery of high quality systems;
- Provide strong management controls;
- Maximize productivity.

B .Procedure

- Students of all the three years are assembled in the Digital Room no. 20, Guest Lecture delivered by Sri. C. Naga Pradeep Kumar.

C. Outcomes

- Get specific questions answered.
- Students get interacted with new faculty.
- It breaks monotony and creates interest in the subject.

NDBL Ginning & Pressing Industry (TMC Unit) Survey No.500/2, Madiri Village, Siruguppa Road, Adoni - 518301.

This MOU sets for the terms and understanding between the departments of

Chemistry

Purpose:

The parties recognized the benefits to be derived from increased collaboration, co-operation and interaction for further promotion and identifying the areas for fundamentals, academic research, project works in which the parties desired to work together in future their mutual benefits with a view to benefit from each other initiatives and working procedures and to support collaboration among the faculty and students associated with both parties.

The above goals will be accomplished by undertaking following activities.

1. Peruse, Collaboration on academic project works related to Science.
2. The College shall nominate one person for a group of students with adequate accountability and responsibility to co-ordinate a program.
3. Provide mutual access.
4. Provide guidance, Faculty and Infrastructure for the students to complete the project works and sharing the knowledge.
5. This MOU shall be effective for a period of **FIVE** Years from the date of **01.09.2022**.
6. The company shall be awarded a certificate of completion of the program to the students who are successful in their academic project works assignment conducted by them.
7. Each party will be responsible for its own cost in connection with all financial matters.

The Institute/Company agrees to the terms and conditions set forth above as demonstrated by their signatures as follows.

CHAPTER 1: EXECUTIVE SUMMARY

The internship report shall have a brief executive summary. It shall include five or more Learning Objectives and Outcomes achieved, a brief description of the sector of business and intern organization and summary of all the activities done by the intern during the period.

"The internship report contains six chapters in the following order; information about the organization exercising management of the internship, observation during internship. conclusions, Recommandations and way forword of the internship attachment.

The organization was suitable for internship attachment. because, it has use the future. They are so interactive and willing to be the consultad.

As an internship, the work under the basis of The cotton ginning process and Humidity Testing and how to work the machinary. As a part of the internship ~~report~~ I'm working on the internship report on "NDBL Cotton Ginning & pressing LTD. industry. During well known my course I have gained valuable knowledge and experience in the industry.

It is advisable that student who will carry out the future field attachment. should be willing and interested repectivecarer.

The report also explains the information of various business skills.

Overall the NDBL cotton industry useful the students. and Business knowledge to develop the internship part of the students in the society.

In This report, cotton weighing and cotton Ginning process, pressing the cotton and bales Humidity Testing, cotton bales Transportation and cotton industry advantages and disadvantages explained in this report.

* learning objectives and outcomes achieved :-

* Understand the cotton Ginning and pressing and Transportation of cotton bales.
* Appreciation of the practical life, real life situation challenges associated with application of the business knowledge acquired.
* I have developed business skills, self-awarness of the career and experience from this internship
* To learn about the functioning mechanism of cotton industry.
* To sell the seeds to oil industry for extraction of cotton seed oil.

CHAPTER 2: OVERVIEW OF THE ORGANIZATION

Suggestive contents

A. Introduction of the Organization
B. Vision, Mission, and Values of the Organization
C. Policy of the Organization, in relation to the intern role
D. Organizational Structure
E. Roles and responsibilities of the employees in which the intern is placed.
F. Performance of the Organization in terms of turnover, profits, market reach and market value.
G. Future Plans of the Organization.

A: Introduction of the Organization :-

NDBL Ginning and pressing industry was established in a serene environment and sprawls over 9 acres of land in the industrial area of Adoni at Madive village during the year 2021. SRI. B. KUBERNATH is the Manging Director of this Industry, many skilled workers and labour for carrying out various tasks in the industry.

NDBL buys raw cotton directly from the cotton farmers through the aegis of Agricultural produce Market Committees (APMCs) conducted auctions in the APMC yards.

Ginning, in its strictest sense, refers to the process of separating cotton fibers from the seeds. The cotton gin has as its principal function the conversion of a field crop into a saleable commodity. Thus, it is the bridge between cotton Production and cotton manufacturing. At one time the Sole Purpose of cotton gin was to separate fibers from seed. But Today's modern cotton gin is required to do much more. To convent mechanically harvested cotton in to a Saleble product, Gins of today have to dry and clean the seed cotton,

Separate the fiber from the seed, further clean the fiberes and place the fibres in to an acceptable package for commerce.

The cotton Gin actually produces two products with cash value i.e. the fibre and the cotton seed.

The Fibre :- The fibres are the more valuble products, and the operation of cotton gins are usually oriented towards fibre production.

The Cotton Seed :- Cotton seeds are usually sold to cotton oil mills for conversion into a number of important and valuble products, but in some cases, they may be saved for planting purpose.

In essence, the modern cotton gin enhance the value of the cotton by seperating the fibre from seed and by removing objectionable foreign matter, while preserving as nearly as possible the inherent qualities of the fibre. NIDBL gin can separate and bale about 2,30,000 kilograms of cotton in one day.

LERNING OBJECTIVES & OUTCOMES ACHIEVED.

* To learn about the functioning mechanism of cotton industry
* To understand the knowledge of testing the quality of cotton
* To analyse the fibers viz. lint and fuss fibres.
* To understand the Ginning and pressing process
* To remove all the foreign waste from the cotton.
* To test humidity in cotton.
* To sell the seeds to oil industry for extraction of cotton seed oil.

All the above-mentioned objectives are learned practically by handling the instruments and machinery in the industry.

B. Vision, Mission and Values of the Organization :-

⇒ Vision :-

Achieving the twin visions of

a) Rendering help to the cotton farmers by way of social services

b) Endeavouring to attain commercial gain by sustained growth of the Ginning & Pressing industry.

⇒ Misson :-

* Helping cotton farmers by ensuring them remunerative price for their produce and there by protect their interest.
* In the case of support price operations, procuring the entire quantity of kapas offered to prevent distress sale by the farmers.
* To improve the production, productivity, quality, marketing infrastructure and ginning capabilities.
* To provide the good quality, contamination free cotton for production of quality yarn to meet international competition.

⇒ Values of the Organization :-

* Acting with integrity and judiciousness with transparency and accountability with courtesy and understanding.
* Judiciously managing the NDBL's resources and doing so with the best use of modern knowledge and management practices and with the application of information Technology.
* This charter is a declaration of our mission, values, activities and standards and our commitment as an industry to help, achieve a place of prominence in the country.

C. Policy of the organization, in Relation to the intern Role :-

NDBL train the interns in all aspects of maintaining a Ginning & pressing unit.

D. Organizational Structure :-

NDBL organization has the following structure managing Director, Executive officer, Accountant, clerks, Mechanics, skelled workers and Labours.

E. Roles and Responsibilities of the Employes in which the Intern is placed.

Above said employees are carring out their respective works sensorily and punctuality.

F. Performance of the organization in terms of turnover Profits, Market Reach and Market value :

In order to meet the growing demand of quality cotton of the textile mills at large, a stringent drill is followed through variety-wise purchases of kapas, it's processing, packing, sample testing and scientific storage of cotton bales in the godowins.

To overcome the problem of contamination in cotton, maximum quantities of kapas are arranged to be processed in the modern ginning and pressing factories only.

All operations being sales driven, quality cotton of any specific grade and parameters, can be supplied to meet the specific demand of the Textile mills.

G. Future plans of the organization :-

To train more interns so that skilled workers will be produced in short duration, expand the industry with one more unit, to provide more employability to the marginal people, gain more commercial value and profit.

CHAPTER 3: INTERNSHIP PART

Description of the Activities/Responsibilities in the Intern Organization during Internship, which shall include - details of working conditions, weekly work schedule, equipment used, and tasks performed. This part could end by reflecting on what kind of skills the intern acquired.

* Activities during Internship period :-

During the internship. I got to know the cotton Ginning working mechanism of the organization I got the knowledge to create numerous business tasks and Connect to the ~~Internet. to the~~ other tasks. I got the number of business tasks. and business skills.

* Weekly work shedule :-

The weekly work shedule in internship period is the follows :-

01 oct - 07 oct :- week - 1 :- Visited the company along with our faculty and my classmates. and interaction with company managing Director. NDBL ~~Cotton~~ Ginning & pressing LTD. industry Introduction and cotton introduction and Flow chart of working mechanism

10 oct - 15 oct :- Week - 2 - weighing machine, quality check of the cotton, mechinary used in industry, processing.

17 Oct - 22 Oct - Week - 3 - Ginning of cotton, cotton Bale pressing, seeds transfer to the oil industry, Humidifications and Cotton bales Transportation.

24 Oct - 29 Oct : Week - 4 - Merits of the industry, Demerits of industry and Diseases to the workers and final Conclusion.

31 Oct - 05 Nov : Week - 5 - The Fifth week I write the final report record of the this internship project work.

* Acquired skills :-

* Problem - Solving skills
* Decision - making skills
* Communication skills.
* Self - confidence skills.
* Work Assembing and Dissembing skills
* machines operating skills and Technilogical skills.

Day - 5 06-10-2022 Thursday	Cotton	Nature of cotton fibers Types of Cotton	
Day -6 07/10/2022 Friday	Flow chart of working Mechanism	Technical skills overall knowledge on Industry	

Week - 1 (From date 01/10/2022 to Date 07/10/2022)

Detailed Report :- Introduction to NDBL Cotton industry.

INTRODUCTION :

NDBL COTTON GINNING & PRESSING INDUSTRIES LTD., was established in the area of 9 acres, year 2021 at Madire village, Adoni Mandal, kurnool dist. B. kubernath is the Managing Director of this Company.

NDBL COTTON - GINNING & PRESSING INDUSTRIES LTD PIC

Cotton is a soft, fluffy stable fiber that grows in a boll, or protective case, around the seeds of the cotton plants of the genus Gossypium in the mallow family Malvaceae. The fiber is a almost pure cellulose, and can contain minor percentages of waxes, fats, pectins, and water.

cotton fibers are natural hollow fibers; they are soft, cool, known as breathable fibers and absorbent. cotton fibers can hold water 24-27 times their own weight. They are strong, due absorbent and can stand up against abrasion wear and high temperature.

A cotton gin - meaning "cotton engine" - is a machine that quickly and easily separates cotton fibers from their seeds, enabling much greater productivity than manual cotton separation. The fibers are then processed into various cotton goods such as calico, while any undamaged cotton is used largely for textiles like clothing. The separated seeds may be used to grow more cotton or to produce cottonseed oil.

Handheld roller gins had been used in the Indian subcontinent since at earliest AD 500 and then in other regions. The Indian worm-gear roller gin, invented sometime around the 16th century, has, according to Lakwete, remained virtually unchanged up to the present time. A modren mechanical cotton gin was created by American inventor Eli Whitney in 1793 and patented in 1794.

cotton fibers are produced in the seed pods ('bolls') of the cotton plant where the fibers ('lint') in the bolls are tightly interwoven with seeds. To make the fibers usable, the seeds and fiber must first be separated, a task which had been previously performed manually, with production of cotton requiring hours of labor for the separation. Many simple seed-removing devices had been invented, but until the innovation of the cotton gin, most required significant operator attention and worked only on a small scale.

A model of a 19th century cotton gin on display at the Eli Whitney Museum in Hamden, Connecticut.

ACTIVITY LOG FOR THE SECOND WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day - 1 10-10-2022 Monday	Weighing Machine	Applicative skills	
Day - 2 11-10-2022 Tuesday	Quality check of the cotton	Observation skills	
Day - 3 12-10-2022 Wednesday	Machinary used in Industry	Applicative and Technical skills	
Day - 4 13-10-2022 Thursday	Machinary used in Industry	Applicative and Technical skills	
Day - 5 14-10-2022 Friday	Processing	Applicative and Technical skills	
Day -6 15-10-2022 Saturday	Processing	Applicative and Technical skills	

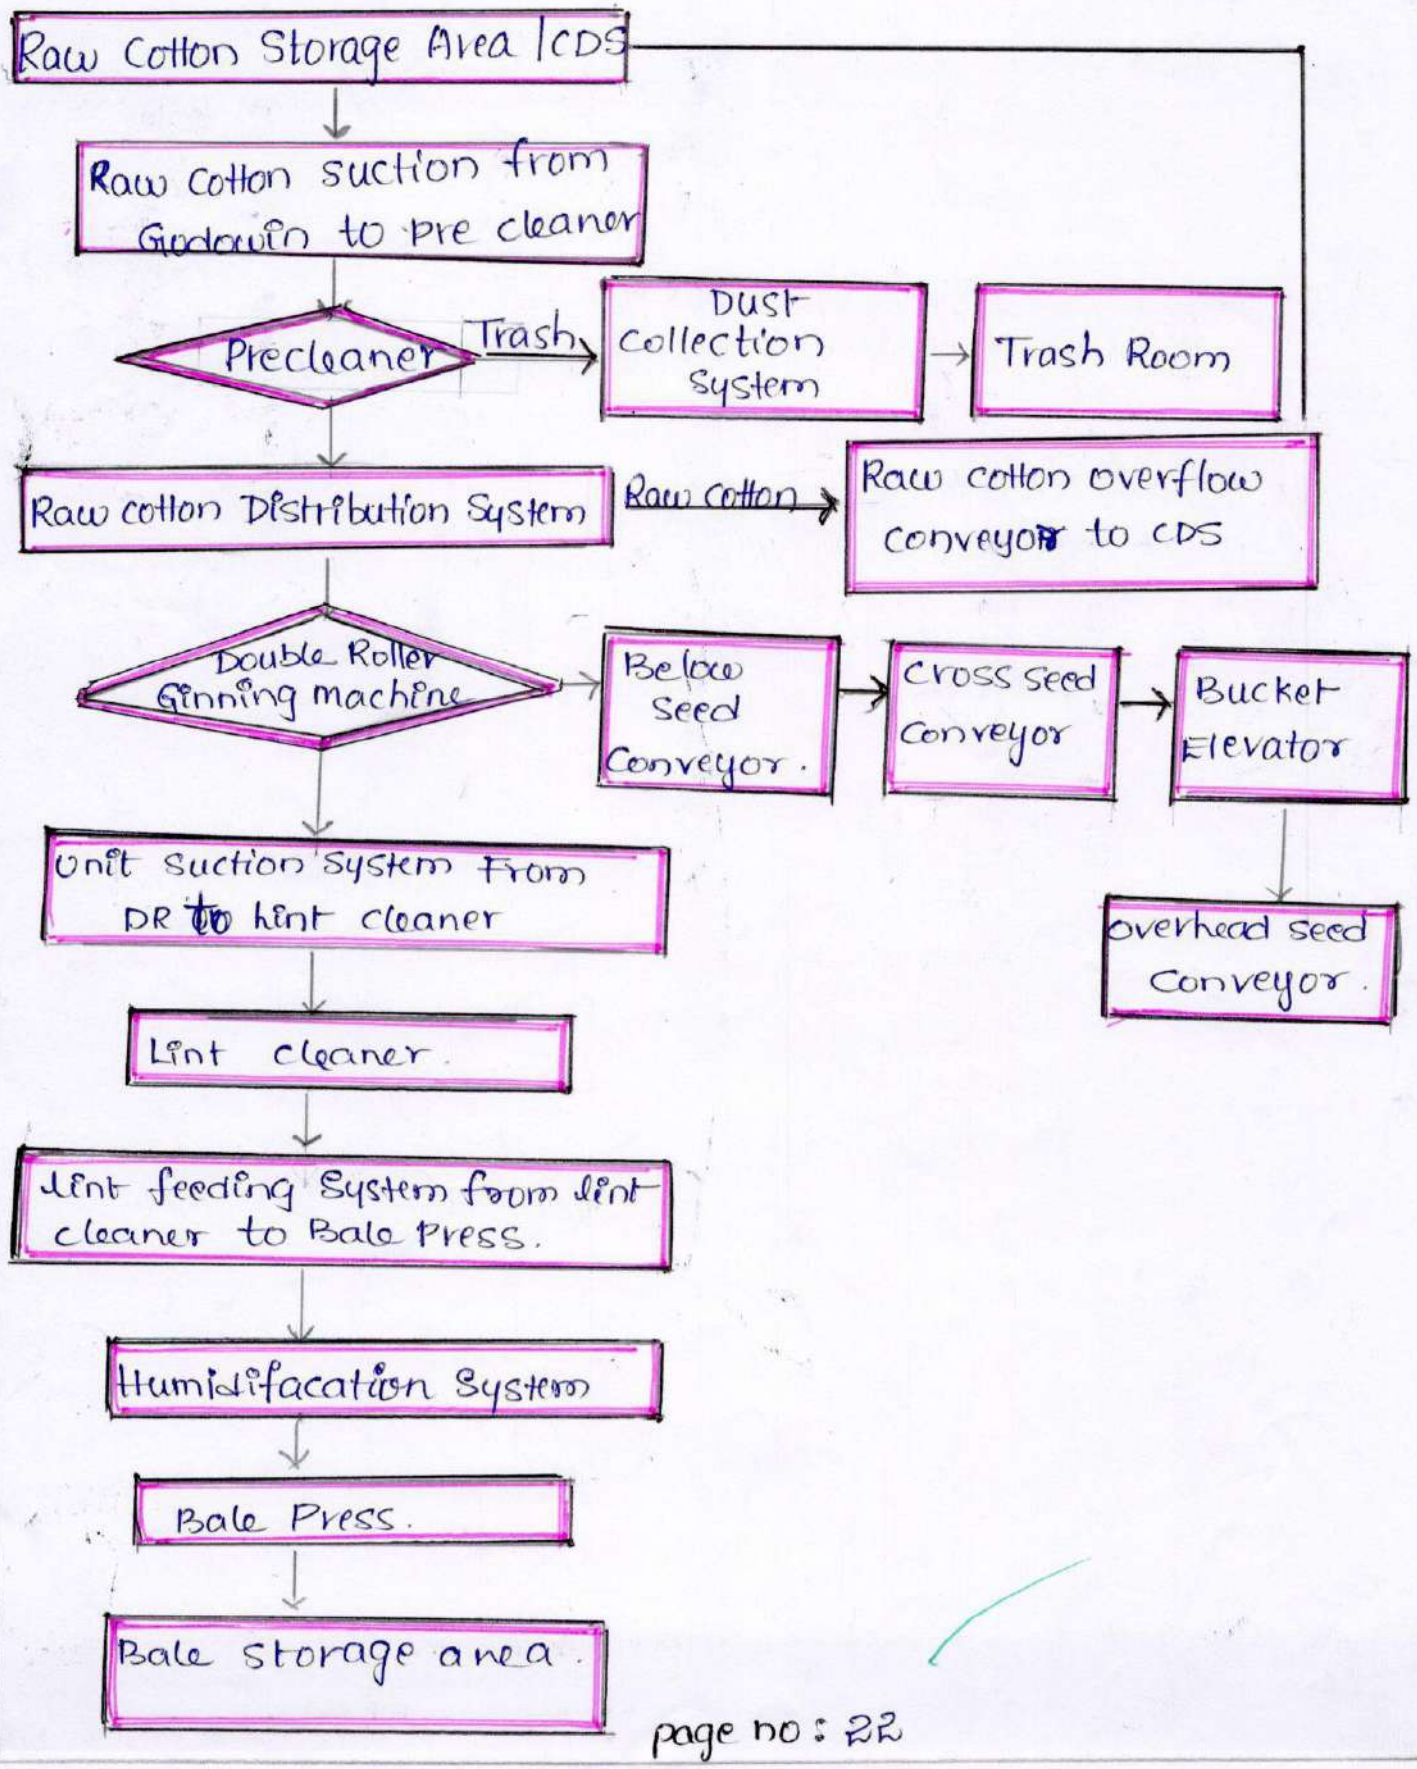
Week - 2 (From Date 10/10/2022 to Date 15/10/2022)

Detailed Report :- weighing machine, processing.

WEIGHING MACHINE :

Floor scales and heavy-duty scales are used for bulk weighing, logistics, and other manufacturing process across a variety of industries. Whether your process requires portability for flexible use, hygienic design for fast and easy cleaning, or rugged construction to accurately weigh heavy freight, we have industrial floor scales to meet your specific needs. with capacities from 300 kg up to 12,000 kg, achive veliable measurements of your materials.

* Flow Process Chart for Double Roller Ginning and Pressing Unit.



MACHINERY USED :

Tractor attachment.

Seed cotton dispenser & Heavy Contamination remover.

Raw Cotton Air Separator.

Pre-cleaner.

screw conveyor.

Double Roller Ginning Machine Magnum (1634 mm).

Double Roller Ginning Machine Tejas (1477 mm).

Bucket Elevator.

ILSS (Intermittent Lint Suction System).

Fire Detection & Diversion System.

lint cleaner.

Battery Condenser.

Humidification System.

Down packing Cotton Bailing press.

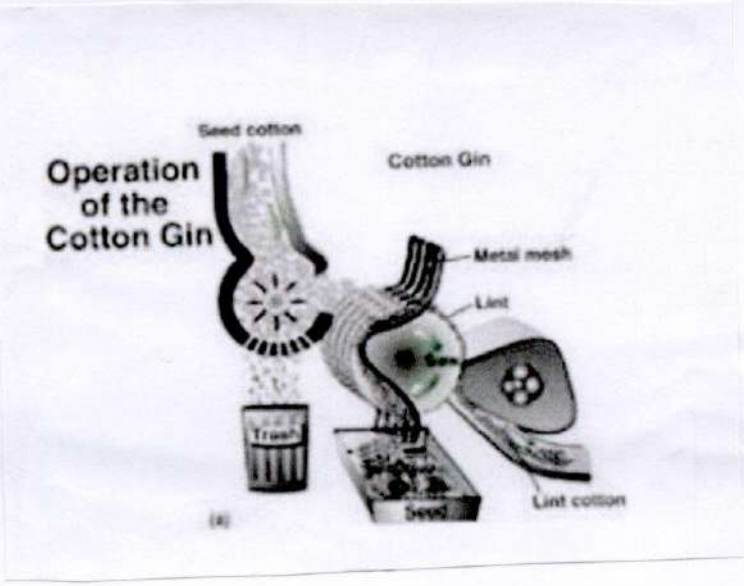
Up packing Cotton Bailing press.

cotton Boll Opener.

Auto Indexing Ginning Roll Groover.

PROCESSING:

Ginning is the first Mechanical process involved in processing cotton. Ginning machine separates cotton fibers from the seed balls and dust particles, cotton fibers pressed to bales by using hydraulic pressing machine. The development of different varieties, Fiber growth, Grading and Marketing.



Objects of Ginning:

* Make the fiber - free from seeds without gin-cut fiber.
* Ensure the best quality of cotton and get the fair price of cotton in the market.
* To be confident that fiber does not contain excess and unexpected seeds or any other particles.
* To make the spinning process easier and effective.

ACTIVITY LOG FOR THE THIRD WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day - 1 17-10-2022 Monday	Ginning of cotton	Applicative and Technical skills	
Day - 2 18-10-2022 Tuesday	Ginning of cotton	Applicative and Technical skills	
Day - 3 19-10-2022 Wednesday	Cotton Bail Pressing	Applicative and Technical skills	
Day - 4 20-10-2022 Thursday	Seeds transfer to the Oil	Applicative skills	
Day - 5 21-10-2022 Friday	Humidification	Applicative skills	
Day - 6 22-10-2022 Saturday	Transportation	Applicative skills	

Week - 3 (From Date 17/10/2022 To Date 22/10/2022)

Detailed Report :- Ginning of Cotton, Cotton Bale pressing, Transportation

Cotton Ginning Process :

1. At first, the cotton will go through dryers to reduce moisture content.
2. Then the cotton is to go through cleaning equipment to remove foreign particles or materials.
3. The cotton is then sent to the air conveyed to gin stands where revolving circular saws pull the lint from the saw teeth by air blasts or by rotating brushes.
4. Then the cotton will compress into 500 pounds weigh contained bales.
5. Then the bales of cotton are shipped to the textile spinning mill for further processes.
6. A quality control team will monitor the overall process to ensure quality.

Modern Cotton Ginning process:

In an automatic ginning process of cotton, a modern machine is preferable. Before cotton arrives at the spinning mill to spin into thread and woven into the fabric, it makes the journey from field to bale. Cotton needs about five months to grow from a planted seed to a ready plant.

* The harvesting machine named cotton picker plucks fluffy seed cotton out of the plant's boll and leaves a trail of burrs and sticks behind.
* The machine empties the pulled cotton into a tractor-drawn buggy.
* The machine builds the seed cotton into a humongous block called a module.

A truck transports the module to the processing plant, which is known as a cotton gin. Once the cotton arrives at the processing plant, and sticks and burrs are removed as well as any lingering debris and seeds. A truck dump the module into a feeder, which moves the packed seed cotton into a dispenser.

the ground seed cotton falls into a conveyor belt, which leads to the hot box, then the hot box mixes the seed cotton with hot air, which allows the moisture to evaporate, making the seed cotton easier to clean.

Core Machine Used in Ginning:

- A machine called the Wad Buster up the clumps of seed cotton by tossing in against a screen. Loose remains fall through the screen openings down a narrow chute.
- Then the seed cotton moves through a machine called the steady flow, which divides it equally between two processing lines.
- on each line, the seed cotton enters a Burr machine, which grabs the seed cotton with a circular saw and swings it against metal bars.

The centrifugal force snakes off the heavier debris. The seed cotton passes the machine through one pipe and the debris through another. A large auger transfers the debris to a waste drop and out of the plant. Then the seed cotton is ready for the final step of processing.

A network of pipes feeds a row of machines called Gin stands. The gin stand separates the seed from the fluffy stuff, called the lint. Each stand will arrange horizontally and separated by a steel rib. The saw teeth grab the seed cotton and pull the lint through the narrow gap between saw and rib. The seeds are too large to pass through, so it spins in front of the rib, then drops into a conveyor. The lint goes into a flue, which leads to the packaging area. And then use this cotton in the spinning mill to make the thread.

Types of Cotton Ginning

There are two basic types of ginning you may find. Theseare:

Saw Ginning

Roller Ginning

Saw ginning of cotton

Saw ginning provids more clean cotton compered with manual or handheld separation process of seed from cotton.

Advantage of Cotton Saw Ginning:

1. Saw ginned cotton is more uniform
2. Cotton is more clean than usual.

The Disadvange of cotton Saw Ginning:

1. Possibility of fiber breakage due to draw up the the fiber from the surface of the seed.
2. Increase neps
3. Increase short fiber content

Roller Ginning of cotton

Modern ginning is automatic ginning where productivity is maximized. For industrial purposes, this type of ginning technology is more preferable.

Advantage of Roller Ginning of cotton:

1. saw ginning ensures the quality of fiber is better which is better than the other process.
2. High production because of the use of advanced technology in the ginning process.

The Disadvantage of Roller Ginning of Cotton:

1. The moisture of seed mixes up with fiber in processing which causes cake cotton fault.

Faults in Ginning process of cotton:

1. Gin-cut fiber
2. Crushed seeds
3. Neps formation
4. Too much wastage.

Cotton Bail Pressing Machine :

This cotton baling press machine compress cotton on 30 ton - 40 ton and in this machine using ejection system for cotton bale. This is semi-automatic cotton baler machine in this machine using one heavy duty hydraulic jack for compress cotton and second mini hydraulic jack for ejection cotton bale.

Here we will describe 5 different types of hydraulic process and why you would need them.

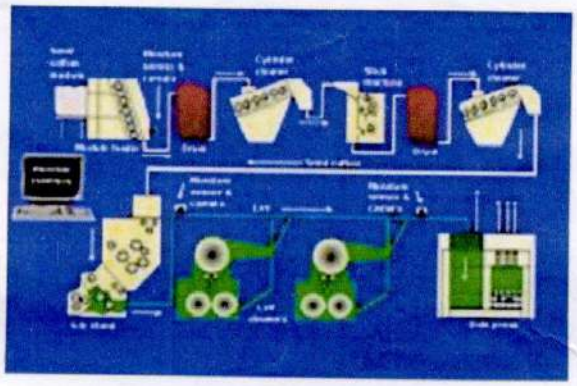
* The Movable Table Hydraulic Press.
* The Movable Frame Hydraulic Press.
* The Air Operated Hydraulic press.
* Double Acting Hydraulic press.
* The Manual Hydraulic press.
* The gin stand uses the teeth of rotating saws to pull the cotton through a series of "ginning ribs, which pull the fibers from the seeds which are too large to pass through the ribs.
* The cleaned seed is then removed from the gin via an auger conveyor system.
* The seed is reused for planting or is sent to an oil mill to be further processed into cottonseed oil and cottonseed meal.

* The lint cleaners again use saws and grid bars, this time to separate immature seeds and any remaining foreign matter from the fibers.
* The bale press then compresses the cotton into bales for storage and shipping.
* Modern gin can process up to 15 tonnes (33,000 lb) of cotton per hour.
* In Modern cotton production, cotton arrives at industrial cotton gins either in trailers, in compressed rectangular "modules" weighing up to 10 metric tons each or in polyethylene wrapped round modules similar to a bale of hay produced during the picking process by the most recent generation of cotton pickers.
* Trailer cotton (i.e. cotton not compressed into module(s) arriving at the gin is sucked in via a pipe, approximately 16 inches (41 cm) in diameter, that is swung over the cotton plants.
* The need for trailers to haul the product to the gin has been drastically reduced since the introduction of modules.
* If the cotton is shipped in modules, the module feedar breaks the modules apart using spiked rollers and extracts the largest pieces of foreign material from the cotton
* The cotton then enters a dryer, which removes excess moisture.
* The cylinder cleaner uses six or seven rotating, spiked cylinders to break up large clumps of cotton
* Finger foreign material, such as soil and leaves, passes through rods or screens for removal.

* The stick machine uses centrifugal force to remove larger foreign matter, such as sticks and burrs, while the cotton is held by rapidly rotating saw cylinders.

* Modern cotton gins create a substantial amount of cotton gin residue (CGIR) consisting of sticks, leaves, dirt, immature bolls, and cottonseed. Research is currently under way to investigate the use of this waste in producing ethanol.

* Due to fluctuations in the chemical composition in processing, there is difficulty in creating a consistent ethanol process, but there is potential to further maximize the utilization of waste in the cotton production.



HUMIDIFICATION SYSTEM:

Humidity Testing:

This moisture meter is microprocessor - based instrument; designed especially for moisture measurement of cotton and lint. It is a handheld meter and essential tool for cotton producers and suppliers helping them to measure the quality of the product.

Details of Cotton Moisture Meter:

* The Cotton Moisture Meter is a valuable testing instrument during the cotton collection, processing and when buying or selling cotton.
* The newly designed Cotton Moisture Meter utilizers the relationship between moisture Content and electrical resistance to effectively measure the moisture content of cotton, seed-cotton and lint quickly and accurately.

Uses of Cotton Moisture Meter:

* Cotton Moisture Meter used to check moisture in all kind of raw cotton to finished procedure, from farming to finished to finished yarn spinning stage.

Working Mechanism of Moisture Meter:

Moisture Meter: Also-called pin meter measurs the moisture indirectly by measuring the resistance (conductance) with an electrical current that goes from one pin to the other. A pin meter measures the moisture as far as the pins are inserted.

Using a Moisture Content Standard to Verify pin Moisture Meter Accuracy:

1. place the meter's pins on the moisture content standard's metal contacts.

2. Turn on the meter.

3. Check the reading & compare to value given in instruction (different standards may be calibrated for different values).

The best known humidity sensor is the capacitive type sensor, since water has an abnormally large dielectric constant and changes in relativity by adsorption of water provids a simple detection mechanism.

Range of moisture meter:

High-quality moisture meters are accurate to within less than 0.1%. Low-end moisture meters can be very inaccurate, so multiple points of examination may be needed to confirm your findings. Readings of 5 to 12% are considered normal, and up to 17% is considered acceptable.

When measuring the moisture of cotton prior to ginning it, the ideal moisture content for cotton, according to information cited by the USDA, is between 6.5% and 8%.

* TRANSPORTATION :

After pressing Bales are transported to the Thread, cloth industries which are in Gujarat, Mumbai, Chennai etc.,

ACTIVITY LOG FOR THE FORTH WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day - 1 24-10-2022 Monday	Merits of the Industry	Understanding and Applicative skills	
Day - 2 25-10-2022 Tuesday	Merits of the Industry	Understanding and Applicative skills	
Day - 3 26-10-2022 Wednesday	Demerits of the Industry	Understanding and Applicative skills	
Day - 4 27-10-2022 Thursday	Demerits of the Industry	Understanding and Applicative skills	
Day - 5 28-10-2022 Friday	Diseases to the workers	Understanding and Applicative skills	
Day -6 29-10-2022 Saturday	Conclusion	Reporting Skills	

Week - 4 (From Date 24/10/2022 To Date 29/10/2022)

Detailed Report :- Merits and Demerits of cotton industry.

MERITS :

A bale of cotton weighs 480 pounds

* one bale produces enough oil to cook nearly 6,000 snack-size bags of potato chips.

* One bale of cotton can make 215 pairs of jeans; 249 bed sheets; 313,600 $100 bills; 690 bath towels; or 1,217 T-shirts.

COTTON SEED OIL :

Cottonseed oil is a commonly used vegetable oil that's derived from the seeds of cotton plants. A whole cotton seed contains about 15 to 20 percent oil.

Unrefined cottonseed oil contains a toxin called gossypol. This naturally occurring toxin gives the unprocessed oil its yellow color and protects the plant from insects. Unrefined cottonseed oil is sometimes used as a pesticide.

While gossypol been linked to infertility and liver damage, the toxin is removed during processing. Cottonseed oil goes through an extensive refining process which removes the threat of gossypol poisoning.

Cottonseed oil is used in cooking and is also used as a home remedy for certain skin conditions and ailments. This oil is high in polyunaturated fat which can help lower LDL ('bad' cholesterol) and increase HDL ("good" cholesterol).

It also contains saturated fat, which has the opposite effect on cholesterol and may increase the risk of heart disease.

one tablespoon (14 grams) of cottonseed oil contains 7 grms Trusted source of polyunsaturated fat and 3.5 grams of saturated fat. According to American Heart Association Trusted Source guidelines, this is an acceptable amount of saturated fat in a vegetable oil.

Cottonseed oil uses :

Cottonseed oil is commonly used in processed foods because of its ability to extend shelf life. Some of these products include:

* Potato chips
* cookies and crackers
* margarine
* mayonnaise
* salad dressing

Cottonseed oil is also a popular ingredient for baking. It Provides a solid fat index for shortening, making for backed goods that are moist and chewy. It also helps achieve a creamy consisteny in icing and whipped toppings.

Cottonseed oil is also used by many fast food chains for deep frying because it enhances the flavor of food instead of masking it. It's also less expensive than other vegetable oils.

Some processed foods may contain partially hydrogenated oils or trans-fats, which raise your risk Trusted Source for cardiovascular disease and diabetes. Always read the label on packaged foods so that can limit your intake of these ingredients.

Cottonseed oil has many nonfood uses, too. In the 1800s, cottonseed oil was primarily used in oil lamps and to make candles. Nowadays, it's used in insecticides, laundry detergents, and cosmetics.

Cottonseed oil for skin :

This is one use for cottonseed oil that isn't considered Controversial. Cottonseed oil ~~that isn't~~ contains high concentrations of vitamin E, fatty acids, and antioxidants that have many benefits for your skin, including:

* moisturizing
* anti-aging
* anti-inflammatory properties

Certain fatty acids increase your skin's permeability. This allows your skin to better absorb other ingredients for better result.

Linoleic acid, which is one of the fatty acids in cottonseed oil, is a common ingredient in skin care products. It's also used in antidandruff shampoos and after-sun creams because of its anti-inflammatory properties.

It's possible to be allergic to cottonseed oil. place some oil about the size of a dime on your skin and rub in. If you have no reaction in 24 hours you should be able to use it.

Cotton seed oil Benefits :-

There are dozens of unproven claims of benefits of the claims are purely anecdotal, but there's evidence to support others.

However, these are preliminary studies and more research is needed. As of yet, there's no science-backed reason to replace your other cooking oils with cottonseed oil.

Anticancer effects :-

Gossypol is a toxic compound found in unrefined cottonseed oil. Its anticancer effects have been studied for years. and the research continues. Gossypol is removed from cottonseed oil during the refining process, so the amount that's left in cooking oil is almost none at all.

Animal and human studies Trusted source have found that gossypol prevented tumor growth and spread in some breast cancers.

older animal studies found that gossypol improved the effects of radiation on prostate cancer cells. There's also evidence that cottonseed oil may suppress cancer cell that have been resistant to multiple drugs. one older study Trusted source also showed that gossypol reduced tumor growth and slowed or killed three prostate cancer cell lines.

Human trails have suggested potential benefits for slowing the progression of certain cancers, including gastroesophageal carcinoma.

Lowers Inflammation :

Some research in animals Trusted Source has suggested that cottonseed oil may reduce inflammation. Specifically, rats injected with cottonseed oil had lower markers of inflammation after a stroke - like brain injury.

In humans, there's a lot of evidence that diets high in monounsaturated fats can reduce inflammation. People who eat a mediterranean diet high in monounsaturated fats have been found to have significantly lower levels of inflammatory chemicals in their blood.

Inflammation has been linked to chronic disease, including heart disease. However, cottonseed oil contains only 18 percent monounsaturated fat. The Arthritis Foundation recommends other oils that have anti-inflammatory properties

DEMERITS:

Cotton ginning factory is one of the dust relesing industries that is associated with a reduced pulmonary function tests and an increased prevalence of respiratory symptoms mainly dry cough, phlegm, chest tightness, chest wheezing, and breathlessness.

Cotton dust contains a complex mixture of ground-up plant matter, cotton feber, bacteria, fungi soil, or pesticides; all of which can effect the respiratory tract to cause to cause reduced oxygen-retaining capacity through the production of pro-inflammatory mediators.

Cotton dust-related respiratory disords start to drop in developed countries while the problem is quite neglected in developing countries like india.

According to studies done in Egypt, India, and pakistan, workers in cotton ginning factories have a reduced in pulmonary function test measurements.

Moreover, working in cotton ginning factories is associated with an increased prevalence of respiratory symptoms which can vary among different sections of the factories.

Educational status, duration of employment, cigarette smoking and gender were significantly associated with respiratory symptoms.

Byssionsis is an occupational lung disease caused by inhalation of cotton or jute dust in inadequately ventilated working environments and can develop over time with repeated exposure.

Byssionosis commonly occurs in textile workers who are employed in yarn and fabric manufacturing industries.

It is now thought that the cotton dust directly causes the disease and some believe the the causative agents are endotoxins that come from the cell walls of gram-negative bacteria that grow on the cotton.

Although bacterial endotoxin is a likely, the absence of similar symptoms in workers in other industries exposed to endotoxins makes this uncertain

Current smokers are also at risk for developing byssinosis or having complications relating to byssinosis.

ACTIVITY LOG FOR THE FIFTH WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day - 1 31-10-2022 Monday	Record Writing	Reporting skills	
Day - 2 01-11-2022 Tuesday	Record Writing	Reporting skills	
Day - 3 02-11-2022 Wednesday	Record Writing	Reporting skills	
Day - 4 03-11-2022 Thursday	Record Writing	Reporting skills	
Day - 5 04-11-2022 Friday	ORAL PRESENTATION	Comunication skills	
Day - 6 05-11-2022 Saturday	Submission of Industry Connect Short Term Project		

Week - 5 (From Date 31/10/2022 To Date 05/11/2022)

Detailed Report:- Record writing, oral presentation.

In the part of Internship, I have collected the information about NDBL Industries in these four weeks.

I have learned the information and is written in the period of 5th week about NDBL Cotton Ginning & pressing LTD. industries.

CHAPTER 5: OUTCOMES DESCRIPTION

Describe the work environment you have experienced *(in terms of people interactions, facilities available and maintenance, clarity of job roles, protocols, procedures, processes, discipline, time management, harmonious relationships, socialization, mutual support and teamwork, motivation, space and ventilation, etc.)*

As the internship part, we visit NDBL industry In the industry, the manager name is kubernath sir. The manager sir said that the required information about the internship provided with us.

In the NDBL industry, the workerss are also provided the information about the internship part. They can also explained working the cotton gin in each and every part with us. The workers told with the working in the near the cotton gin explain very clarity.

NDBL industry, the worker name is Nallappa said that the process of weighing and the transparent of cotton with the help of machines in each and every nearly. As we receive the information is in understanding way of the process of machine easily.

The manger kubernath sir, water facilities are provided for meals with us in industry.

In the industry, every single worker is working is very hardly. The manager provided good facilities to the workers.

In the industry, the timing is 9:00 am to 6:00 pm, the worker work is good in every day. The worker will spend the suitable time in the industry. All the members of workers should work very sincerly in the industry. In the industry, the team one also members as well as better works.

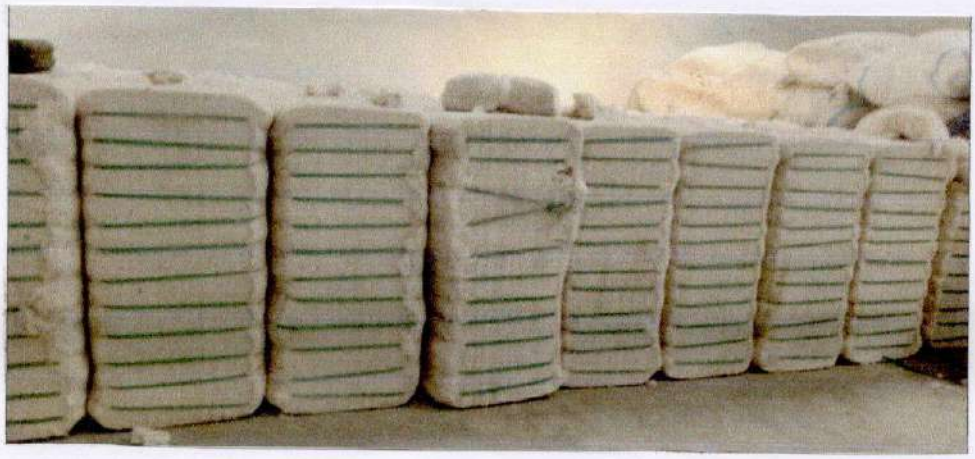
Kubernath sir and Mallappa Brother and also all workers was very supportive with us in the industry as a part of internship.

Describe the real time technical skills you have acquired (*in terms of the job-related skills and hands on experience*)

In the part of internship, we choose the NDBL Industry. To learn about the skills is in the industry.

Firstly, I learned the weighing in the cotton industry. The collection of the cotton with the help of formers and cotton committee. And to learn the need of mechinary for the weighing process.

* To learn about the separate of the materials with the need of Hot Box machine.
* To learn the separation of the seeds in cotton with the use for Ginning machine.
* To the separation of Ginning machine, the cotton pass to Big kanvear Belt to pressing machine to be understanding the process.
* In the process of ginning cotton, to be pressed in bales.
* The bales are very hevy and fully Ginning cotton pressed.



* ~~To~~ learned how to packed in these process.
* To learned how the working, and how much persentage of moisture is used in moisture meter in bales.

* To know the transport of bales.
* Further, these technical skills is helpful for the established the industry with us.

Describe the managerial skills you have acquired (*in terms of planning, leadership, team work, behaviour, workmanship, productive use of time, weekly improvement in competencies, goal setting, decision making, performance analysis, etc.*

* Managerial skills :-

* Problem solving skills & Decision - making skills
* Communication skills & Motivational skills.
* collaboration skills
* critical thinking skills
* To be detail attention skills
* Inter personal skills
* organization and delegration
* Forward planning & strategic thinking.

* Planning :- planning involue the setting of goals and predeter mind goals are accomplished with the help of managerial functions like planning, directing, staffing, and controlling. planning provids standards against which actual performance is measured.

* Teamwork :- The ability to work in a team provides for new and different perspective, helps motivations and reduces pressure. ultimately, a team is a great learning opportunity and might open up to the work Confidence you did even know existed.

*Leadership :—

Investing in leadership means investing in your ability to help bring out the best in yourself and in others. Good leaders are not only of ideas, but can act as perscusive & encaraging mentors who can help others go beyond their expectations.

Describe how you could improve your communication skills (*in terms of improvement in oral communication, written communication, conversational abilities, confidence levels while communicating, anxiety management, understanding others, getting understood by others, extempore speech, ability to articulate the key points, closing the conversation, maintaining niceties and protocols, greeting, thanking and appreciating others, etc.,)*

* Communication Skills :-

There are specific things to do that can improve our communication skills - listening skills body language matters. be bruef, yet specific. write things done. think be for you speak. etc.

* Written Communication skills:

* Think about the purpose of the message. keep it simple.
* keep a place to it down thoughts and ideas to write and read after.
* Ask the help to Constructive critism.

* Confidence levels while communication anxiety management :-

* Be clear and conceive
* Be confident
* Be respectable
* Be positive and Be patient
* use of body language

Describe how could you could enhance your abilities in group discussions, participation in teams, contribution as a team member, leading a team/activity.

To develop and to improve our abilities in the working plane is various types while interacting and communicating with others. mainly we should have to know ocer strengths and also our neakness without fearing to intract with every person and working ~~feeling~~ freely at work place, in envirosment and without misundestanding

* Participation in Teams :-

In team participation promoters an atmosphere that posters frienship and loyalty. This may motivate team members in parallel and align them to work hardes is helps an individual to possess communication skills. strengths and habits.

* Team work - making a Contribution :-

* To delelop a team metality to think 'we' not me.
* Be respectful to others.
* Be helpful, Be a role model

* Accept others
* Avoiding rewarding people forthings they to that annoy you.

Leading a team is not a simple thing. The sucessful team leader was don't criticize and don't complain about people, given honest and sincere praise and reciation and encourage other people, talk and be good active listener.

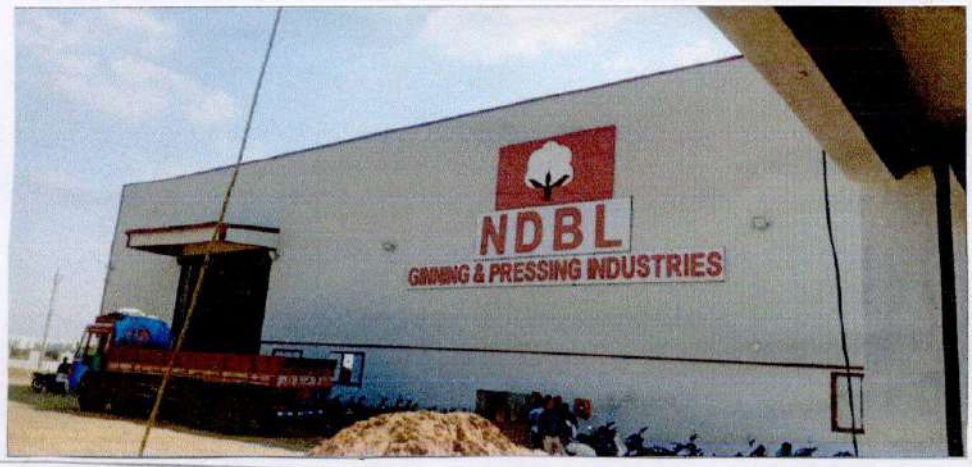
Describe the technological developments you have observed and relevant to the subject area of training *(focus on digital technologies relevant to your job role)*

In NDBL cotton Ginning & pressing LTD. industry I observed most of the modern equipment is available in industry. There are many devices to choose for each work. In the cotton leaves, sticks and the other waste material are separated with the help of these machines. They no need for humens, use for machines only.

The modern equipments are useful for separate the cotton seeds in cotton.

In the Ginning process of cotton, not only use for old machines, but also use for modern machines.

In the internship project I learned about the machines. In the NDBL Cotton industry established after 7 months is developed with the modern machines.



Student Self Evaluation of the Short-Term Internship

Student Name: B. Jayasree **Registration No:** 2035804900?

Term of Internship: **From:** 01-10-2022 **To:** 03-11-2022

Date of Evaluation:

Organization Name & Address: NDBL, cottonginning & pressing Industries LTD, madire, Adoni

Please rate your performance in the following areas:

Rating Scale: **Letter grade of CGPA calculation to be provided**

1	Oral communication	1	2	3	4	5
2	Written communication	1	2	3	4	5
3	Proactiveness	1	2	3	4	5
4	Interaction ability with community	1	2	3	4	5
5	Positive Attitude	1	2	3	4	5
6	Self-confidence	1	2	3	4	5
7	Ability to learn	1	2	3	4	5
8	Work Plan and organization	1	2	3	4	5
9	Professionalism	1	2	3	4	5
10	Creativity	1	2	3	4	5
11	Quality of work done	1	2	3	4	5
12	Time Management	1	2	3	4	5
13	Understanding the Community	1	2	3	4	5
14	Achievement of Desired Outcomes	1	2	3	4	5
15	**OVERALL PERFORMANCE**	**1**	**2**	**3**	**4**	**5**

CONCLUSION:

After the cotton is ginned, a sample is taken from each bale and sent away to classing rooms to handle it graded for it's quality. The cotton fibre is sorted into differeng quality-based grades (or classes). The higher the class, the better the quality of the cotton fibre, and the higher the price that will be paid. We gained more knowledge after doing internship on this cotton industry.

verified.

MEMORANDUM OF UNDERSTANDING

BETWEEN

Department of Botany

Sri Mahayogi Lakshmamma Government Degree College, Yemmiganur.

Kurnool (Dist.), Andhra Pradesh.

AND

Department of Botany

KSN Government Degree College for Women, Ananthapuramu.

Andhra Pradesh.

This Memorandum of Understanding (herein after referred to as this "MoU") is made effective on and from 1st August 2022 ("the Effective date").

Department of Botany, Sri Mahayogi Lakshmamma Government Degree College, Yemmiganur and Department of Botany, KSN Government Degree College for Women, Ananthapuram, agree to work towards establishing an academic and research cooperation in areas of students interest by mutual agreement as set forth in this memorandum of understanding (MOU).

OBJECTIVES:

1. To develop academic and educational cooperation, establish a collaborative program in between the departments and to cooperate in their mutual interest for a range of higher educational activities.
2. To exchange information on research and educational programmes.
3. To exchange information on teaching, learning material and other literature relevant to them educational and research programmes
4. To inculcate research activities in our institution with your support and cooperation.
5. To inculcate research activities in our institution with your support and cooperation.
6. To enhance quality of the students by providing need-based knowledge in the area of Telugu.
7. To enhance the employability skills of students by providing them add on courses, by organizing guest lectures, exchange of research and students, teaching materials, short term educational programs and thus providing learning material to enrich their educational talent and learning attitude.
8. Search for opportunities to collaborate in the future.

NATURE OF COLLABORATION:

This MOU shall be valid initially for two years from the date of execution from both the parties and extendable further as per the need of both the parties.

Both the parties shall take responsible steps to ensure the successful completion of the collaboration and shall cooperate with each other, in performance of their respective obligations.

Each party shall be at liberty to terminate this MOU with a written notice period of three months, to the other party with any compensation and selecting legal redress. Further, protection and exploitation of any data and/ or intellectual property rights that arise as a result of any collaborative activity will be any data and/ or intellectual property rights that arise as a result of any collaborative activity will be agreed on a case-to-case basis.

This MOU is signed subject to approval of the respective academic/administrative bodies and not intended to be legally binding, not to create any evidence or imply any contract obligation to enter in to a contract or obligation to negotiate.

8.11.2022

Respected Sir,

Sub : Department of English - Requisition for Permission to Conduct a Guest Lecture in English for UG Students Reg.

@@@

I bring a few lines for your kind consideration that the Department of English discussed and resolved to conduct a Guest Lecture in English on 10.11.2022 for the benefit of UG Students. Hence, I request you sir to give me permission to conduct the guest lecture.

Thanking you sir,

Your faithfully,

Incharge
Dept. of English
Sri Mahayogi Lakshmamma
Govt. Degree College
Yemmiganur - 518 360,

CIRCULAR

Yemmiganur,
Date : 09-11-2029..

All the Students of UG are hereby informed that the Department of English planned to conduct a Guest Lecture in English on 10.11.2029. Hence, all the Students are hereby instructed to attend the guest lecture without fail.

Incharge of the Department

Incharge
Dept. of English
Sri Mahayogi Lakshmamma
Govt. Degree College
Yemmiganur - 518 360.

DEPARTMENT OF ENGLISH
GUEST LECTURE 2022-23

BRIEF DESCRIPTION OF THE PROGRAMME :

The Department of English arranged a Guest Lecture in English on 10.11.2022 on Communication and Public Speaking Skills in English for the benefit of BA, B.Com and B.Sc first and second year students. In this programme, incharge of the Department Sri N.Newton Raj, Lecturer in English invited the Principal, the Guest and the faculty member onto dias and introduced the Guest and explained about the programme to the Students who were gathered in the College seminar hall.

Later, the Principal addressed and enlighten the students. In this progamme, he explained the importance of English Language and Communication and Public Speaking Skills in English and suggested them to read English news papers and English magazines to learn English.

The Guest Sri M. Jonatha Wycliffe, Lecturer in English, the Adoni Arts and Science College, Adoni was invited to give a guest lecturer on Communication and Public Speaking Skills in English. He delivered a lecture on Communication and Public Speaking Skills in English. Through his motivational lecture, he enlighten and encouraged the students and gave suggestions them how to learn English with easy techniques.

MEMORANDUM OF UNDERSTANDING
BETWEEN

Department of English
Sri Mahayogi Lakshmamma Government Degree College, Yemmiganur.
Kurnool District, Andhra Pradesh.
AND
Department of English
The Adoni Arts and Science College, Adoni, Kurnool District, Andhra Pradesh.

This Memorandum of Understanding (herein after referred to as this "MoU") is made effective on and from**19th October 2022** ("the Effective date").

The Department of English, Sri Mahayogi Lakshmamma Government Degree College, Yemmiganur and the Department of English, The Adoni Arts and Science College, Adoni, agree to work towards establishing an academic cooperation in areas of students interest by mutual agreement as set forth in this memorandum of understanding (MOU).

OBJECTIVES :

1. To develop academic and educational cooperation, establish a collaborative program in between the departments and to cooperate in their mutual interest for a range of higher educational activities.
2. To exchange information on educational programmes.
3. To exchange information on teaching, learning material and other literature relevant to them educational programmes.
4. To inculcate extra curricular activities in our institution with your support and cooperation.
5. To enhance the employability skills of students by providing them add on courses, by organizing guest lectures, by exchanging teaching materials, short term educational programs and thus providing learning material to enrich their educational talent and learning attitude.
6. Search for opportunities to collaborate in the future.

NATURE OF COLLABORATION :

This MOU shall be valid initially for two years from the date of execution from both the parties and extendable further as per the need of both the parties.

Both the parties shall take responsible steps to ensure the successful completion of the collaboration and shall cooperate with each other, in performance of their respective obligations.

Each party shall be at liberty to terminate this MOU with a written notice period of three months, to the other party with any compensation and selecting legal redress. Further, protection and exploitation of any data and/or intellectual property rights that arise as a result of any collaborative activity will be any data and/or intellectual property rights that arise as a result of any collaborative activity will be agreed on a case-to-case basis.

This MOU is signed subject to approval of the respective academic/administrative bodies and not intended to be legally binding, not to create any evidence or imply any contract obligation to enter in to a contract or obligation to negotiate.

MEMORANDUM OF UNDERSTANDING
BETWEEN

Department of Botany
Sri Mahayogi Lakshmamma Government Degree College, Yemmiganur.
Kurnool (Dist.), Andhra Pradesh.
AND
Department of Botany
Government Degree College, Nandikotkur.
Nandyal (Dist.), Andhra Pradesh.

This Memorandum of Understanding (herein after referred to as this "MoU") is made effective on and from19th October 2022 ("the Effective date").

Department of Botany, Sri Mahayogi Lakshmamma Government Degree College, Yemmiganur and Department of Botany, Government Degree College, Nandikotkur, agree to work towards establishing an academic and research cooperation in areas of students interest by mutual agreement as set forth in this memorandum of understanding (MOU).

OBJECTIVES:

1. To develop academic and educational cooperation, establish a collaborative program in between the departments and to cooperate in their mutual interest for a range of higher educational activities.
2. To exchange information on research and educational programmes.
3. To exchange information on teaching, learning material and other literature relevant to them educational and research programmes.
4. To inculcate research activities in our institution with your support and cooperation.
5. To enhance quality of the students by providing need-based knowledge in the area of Botany.
6. To enhance the employability skills of students by providing them add on courses, by organizing guest lectures, exchange of research and students, teaching materials, short term educational programs and thus providing learning material to enrich their educational talent and learning attitude.
7. To share the hands on experience and practical skills regarding laboratory and field explorations.
8. Search for opportunities to collaborate in the future.

NATURE OF COLLABORATION:

This MOU shall be valid initially for two years from the date of execution from both the parties and extendable further as per the need of both the parties.

Both the parties shall take responsible steps to ensure the successful completion of the collaboration and shall cooperate with each other, in performance of their respective obligations.

Each party shall be at liberty to terminate this MOU with a written notice period of three months, to the other party with any compensation and selecting legal redress. Further, protection and exploitation of any data and/or intellectual property rights that arise as a result of any collaborative activity will be any data and/or intellectual property rights that arise as a result of any collaborative activity will be agreed on a case-to-case basis.

This MOU is signed subject to approval of the respective academic/administrative bodies and not intended to be legally binding, not to create any evidence or imply any contract obligation to enter in to a contract or obligation to negotiate.

PHYTOSOCIOLOGICAL ATTRIBUTES OF CLIMBER SPECIES IN NALLAMALAIS, INDIA.

[1]T. Shalisaheb, [2]S. Khadar Basha and [3]A. Narayana Swamy

[1]Associate Professor of Botany, Govt. Degree College, Nandikotkur. Affiliated to Rayalaseema University, Kurnool. District, Andhra Pradesh.
[2]Assistant Professor of Botany, S.M.L Govt. Degree College. Yemmiganoor. Affiliated to Rayalaseema University, Kurnool. District. Andhra Pradesh.
[3]Assistant Professor of Botany, S.T.S.N. Govt. Degree College, Kadiri, Affiliated to Sri Krishnadevaraya University, Sri Sathya Sai District. Andhra Pradesh.

Abstract*- Nallamalais is one of the Centres of Plant Diversity sites in India which encompasses various lifeforms. Of which Climbers are one of the most neglected. Phytosiological attributes were used to know the status of climber species. The total number of individuals of climbers reported in the study area was 319 of which *Gymnema sylvestre* as the most important species followed by *Asparagus racemosu*s and *Cajanus scarabaeoides.* The lowest IVI value)1.91) wa observed in six species including *Aspidoteris cordata.

Key words:* Nallamalais, CPD site, Climber species, IVI, *Gymnema sylvestre.

INTRODUCTION

Biodiversity is essential for human and economic well-being and for the ecosystem function and stability. Forests can release the stored carbon as Co_2 that form nearly 17-25% of the total greenhouse gas emissions, at the same time forest conservation, afforestation, reforestation and sustainable forest management can curb about 25% f emissions. Biodiversity interacting with the physical environment form the foundation of sustainable development. Biodiversity resources, mapping their geographical distribution and quantitative estimation of their natural stands is perhaps the most important information needed for any country in the post-CBD era. The worldwide destruction of the natural environment by population explosion, urbanization, industrialization and habitat fragmentation has led to a tremendous loss of biological diversity over the past few decades and hence warrants immediate attention especially on forestry sector as they harbor amazing biodiversity and has critical role on global climate change scenario.

World's forests extended over 4 billion hectares; corresponding to 31 percent of the total land area or an average of 0.6 ha per capita (FAO, 2020) has become a critical part of the international climate change agenda. Tropical forests in India comprising over 60% deciduous forests are poorly understood in terms of phytodiversity, phytosociology and quantification regimes Analysis of the quantitative relationship among the plant species growing in an area reflects structural property of, the community. Phytosiological investigation of vegetation serves as a pre-requisite for investigating the details of primary productivity of ecosystems.

In peninsular India, quantitative phytodiversity inventories are available from the forests of the Western Ghats, whereas study on Eastern Ghats is lacking. The wide range of topography, varied climate favours luxurious growth of vegetation and forest. It remain as a neglected area with very few attempts made for such studies in Eastern Ghats of Tamil Nadu (Kadavul and Parthasarathy, 1999a & b; Chittibabu and Parasarathy, 2000). Hence, the present study was undertaken to determine the structural and floristic composition of climber diversity in Nallamalais. The study area for the present work is considered as one of the significant biodiversity rich areas in Southern Eastern Ghats. Nallamalais one of the Centres of Plant Diversity)CPD) in India. It represents diversified habitats and supports a wide array of plant and animal life and provides basic livelihood for tribal and rural communities. Kumar & Bhanja (1992) produced a seed manual for forest trees of Andhra Pradesh. Sandhya rani & Pullaiah (2002) reported 560 tree taxa from eastern Ghats. Suryanarayana et al., (2002) inventoried the plant wealth of Veligonda hill ranges and reported 1004 species belonging to 558 genera and 149 families. Studies on plant resources include Ellis (1982, 1987, 1990), Reddy et al., (1998), Pullaiah et al., (2007). Thualsi Rao etal., (2007), Reddy et al., (2007), Raju and Pullaiah (1995) surveyed the Flora of Kurnool district and reported 1064 species of which 208 are trees covering 194 from Nallamalais of Kurnool district. Pullaiah and Sandhya Rani (1999) made the floristic studies on trees of Andhra Pradesh and reported 531 tree species covering over 2oo trees of Nallamalais.

While working on Flora of Andhra Pradesh, Pullaiah and Chennaiah)1997), Pullaiah and Ali Moulali (1997), Pullaiah (1997) and Pullaiah and Karuppusamy (2008) reported 2601 species, of which 531 are trees, Sunitha (2002) surveyed the scared groves of Kurnool district and reported 138 tree taxa, of which 119 are from Nallamalais. She made over 100 additions of the Nallamalais after Raju & Pullaiah (1995) of which 18 are trees. Shali Saheb (2008) studies the medicinal plants of Nallamalais and reported 501 taxa of which 137 are trees. Khadar Basha (2009) was studied quantitative assessment of Nallamalais and reported 249 tree species. Most of the studies have followed the plot methods including square plots of 100x100cm (Gentry, 1988); 10x10m (shalisaheb,2008) to rectangular plots 10x10m by Boom (1986). Shah Hussain et al, (2008) describes the species composition. Shali Saheb (2008) analysed the medicinal plant diversity in three one-hectare plots through ten quadrants of 10x10m and recorded 135 species belonging to 110 genera 45 families. Khadar Basha (2009) recorded a total of 249 tree species from 175 grids comprising 237 species belonging to 139 genera and 54 families.

Climbers are one of the most interesting group of plants Species which are most neglected. These climbers contribute largely to the charm of our landscape by the manner in which they climb over trees, rocks. They also play a part in ancient historical buildings which their attraction to the green veil which covers their structural defects making them a perfect beauty in our eyes.
Climbers show great diversity in their climbing mechanism depending on which they are classified as root climbers, hook climbers, tendril climbers. leaf or stem climbers. Only few studies were carried out on climbers. Pandy et al., (2005), studies medicinal climbers in flora of Gujarat. 81 climbers were recorded by Jangid and Sharma (2011), Ghosh and Mukherjee (2006), recorded 149 herbacious climbers and 79 lianas from North Andaman covering 55 families while Mahajan (2006), reported 31 taxa used by tribal people of Nimar region in Madhya Pradesh to cure various human ailments. Earlier studies on plant resources of Nallamalais include Ellis (1987), Kumar (1995), Goud (1997), Thulasi Rao et al., (2007), Shali Saheb (2008) studied the medicinal plants Nallamalais and reported 501 taxa. Shali Saheb (2014), studies medicinal climbers of Nallamalais reported 92 species belonging to 27 families. Shali saheb et.al (2023) reported the diversity of shrubs of the Nallamalais forest the TNI value was 606, the abundance value of the shrubs is 210.22. No comprehensive work is available for phytosociology of climbers in the study area, therefore, the objective of the present paper is to Study of phytosociological attributes of climbers plant resources in Nallamalais.

STUDY AREA

Nallamalais, one of the Centres of Plant Diversity (CPD) (WWF & IUCN, 1995) is located in the Central Eastern Ghats between latitudes $15^0$20'- $16^0$30' N and longitude $78^0$30' – $80^0$10' E in Andhra Pradesh, Telangana states extended to an areaof 7640 sq km. Nallamalais cover five districts, viz. Kurnool, Prakasam, Guntur,of Andhra Pradesh, Mahaboob Nagar, and Nalgonda of Telangana. The hills cluster near gundlabrahmeswaram, which is the nucleus of the Nallamalais appearing asplateau. The vegetation of the Nallamalais is broadly categorized into 3 types; moist deciduous, dry deciduous, scrub type forests. Most primitive tribes, chenchus abd sugalis live in Nallamalais. From times immemorial the forests of Nallamalais have been inhabited by chenchus an aboriginal and oldest tribe of South India. .An ecological meaning is attributed to the word "chenchu" by interpreting that a person who lives under chettu (tree) is a chenchu. They are experts in collection of honey, wild fruits and plant crude drugs. Sugalis also known as lambadis and Banjara are largely found in the Nallamalais forest. These tribes in the study area have rich traditional botanical knowledge and still dependent on wild medicinal plant resources for curing their ailments.

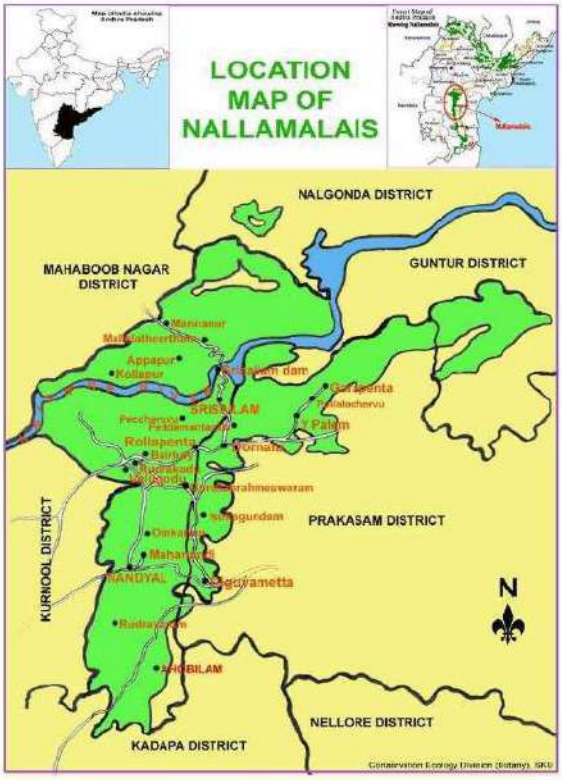

Figure: 1. Map of Nallamalais

METHODOLOGY

The main objective of the present paper to provide a study on phytosociological attributes of climbers random sampling method.

QUANTITATIVE STUDIES

The field work plan carried out in Nallamalais was sampled by lying of 50 quadrates in the study area. Each quadrate size is 20x20m. All life forms of plants such as trees, shrubs, climbers and herbs were enumerated. All trees were enumerated in 20x20m quadrates,

shrubs and climbers in 5x5m nested plot and herbs were studies in nested 1mx1m plot. The field work was carried out in two seasons to cover all the vegetation and phenology of climbers.

Importance Value Index (IVI)

IVI = Relative dominance + Relative density + Relative frequency

Diversity Indices: Species diversity indices namely Shannon-Wiener index (Shannon and Weiner, 1962), Simpson index (Simpson, 1949) and Margalef Index (Margalef, 1980) were calculated.

Dominance Indices (Simpson 1949): It is a measure of dominance since it weighted towards the abundances of commonest species. It is estimated by using following formula:

$D = \sum (ni/N)^2$ or Pi^2

Shannon-Wiener index: It is a measure of the average degree of 'uncertainty' in predicting to what species an individual chosen at random from a collection of S species and N individuals will belong. It is estimated by using following formula:

$H' = -\sum (ni/N) \ln (ni/N)$

Where, ni = number of individuals belonging to the ith species

N = Total number of individuals in the sample.

RESULTS AND DISCUSSION

The total number of individuals (TNI), number of quadrates in which species occurred, and the quantitative characters like abundance (A), density (D), frequency (F), relative abundance (RA), relative density (RD), relative frequency (RF) and importance value index (IVI) (Fig. 5) for climbers were presented in **Table-1**

Abundance: The total number of individuals (TNI) of climbers in the study site was 319. The total abundance value for climbers is about 134.15, with an average of 2.63. *Gymnema sylvestre* (44.5) was recorded as the high abundant species and the lowest abundance was recorded for 7 species including *Oianthus disciflorus* with 1.0.

Density: The total density of 51 climbers is 6.38, with an average of 0.12. The highest density value was recorded for *Gymnema sylvestre* (0.7) and the lowest density was recorded for 6 species including *Puraria tuberosa* (0.02).

Frequency: The total frequency for all the climbers is 234, with an average of 4.5. The high frequency value was recorded for *Cajanus scarabaeoides* and *Decalepis hamiltonii* with 14 and least frequency was observed in 22 taxa with 2 (e.g. *Piper attenuatum*).

Importance Value Index (IVI): Importance Value Index of individual climbers encountered in the sampled quadrates was identified *Gymnema sylvestre* (20.91) as the most important species followed by *Asparagus racemosus* (13.88) and *Cajanus scarabaeoides* (13.54). The lowest IVI value (1.91) was observed in six species including *Aspidoteris cordata*. The top 10 dominant IVI climbers are presented in **Fig.2**

Diversity indices: The Simpson Index is 0.9609, Shannon-Wiener Index is 3.562.

Figure: 2. Top 10 IVI Climber species of Nallamalais

CONCLUSIONS

Forests that are relatively undisturbed seem to possess these varied habitat conditions more upon certain specific areas should be with limited human and grazing disturbance to conserve these taxa. Nallamalais is a protected area needs further attention in terms of conserving valuable climbers species. Good marketing avenues have to be created for the local communities regarding climbers of medicinal value. Intensive training programmes have to be organized for tribal and other communities by governmental and non-governmental agencies regarding the sustainable collection, utilization and conservation of climbers resources. A highly coordinated action-oriented multi-disciplinary approach on plant resources conservation integrating the forest department, non-governmental organizations, scientific bodies and research institutions with the co-operation of local communities should be implemented

MEMORANDUM OF UNDERSTANDING

BETWEEN

DEPT.OF TELUGU, S.M.L GOVT. DEGREE COLLEGE: YEMMIGANUR.
AND
DEPT.OF TELUGU, KSN Degree & PG. College (NAAC 'A' GRADE), ANANTHAPURAMU.

This Memorandum of Understanding (here in after referred to as this "MoU") is made effective on and from Wednesday 19th October 2022 ("the Effective date")

Department of Telugu, S.M.L Govt.Degree College, Yemmiganur and Dept. of Telugu. KSN Degree & PG. College (NAAC 'A' GRADE), Ananthapuramu, agree to work towards establishing an academic cooperation in areas of students interest by mutual agreement as set forth in this memorandum of understanding (MOU).

OBJECTIVES:

1. To develop academic and educational cooperation, establish a collaborative program in between the departments and to cooperate in their mutual interest for a range of higher educational activities.
2. To exchange information on research and educational programmes.
3. To exchange information on teaching, learning material and other literature relevant to them educational and research programmes
4. To inculcate research activities in our institution with your support and cooperation.
5. To inculcate research activities in our institution with your support and cooperation.
6. To enhance quality of the students by providing need-based knowledge in the area of Telugu.
7. To enhance the employability skills of students by providing them add on courses, by organizing guest lectures, exchange of research and students, teaching materials, short term educational programs and thus providing learning material to enrich their educational talent and learning attitude.
8. Search for opportunities to collaborate in the future.

NATURE OF COLLABORATION:

This MOU shall be valid initially for two years from the date of execution from both the parties and extendable further as per the need of both the parties.

Both the parties shall take responsible steps to ensure the successful completion of the collaboration and shall cooperate with each other, in performance of their respective obligations.

Each party shall be at liberty to terminate this MOU with a written notice period of three months, to the other party with any compensation and selecting legal redress. Further, protection and exploitation of any data and/ or intellectual property rights that arise as a result of any collaborative activity will be any data and/ or intellectual property rights that arise as a result of any collaborative activity will be agreed on a case-to-case basis.

This MOU is signed subject to approval of the respective academic/administrative bodies and not intended to be legally binding, not to create any evidence or imply any contract obligation to enter in to a contract or obligation to negotiate.

Back ground of our institute

The Department of botany in S.M.L. Government Degree has been started in 1982. We have three years of students. First year syllabus includes viruses, bacteria, cyan bacteria, algae, fungi, byrophyta, pteridophyta and gymnosperms. Second year syllabus includes anatomy, reproductive biology, taxonomy and medicinal botany. Third year syllabus includes cytology, genetic, ecology and biodiversity. Four papers include Photosynthesis, Respiration, enzymes, nitrogen metabolism, biotechnology and horticulture.

The existing curriculum do not expose the students to present day agricultural needs such as new varieties in vegetables, cereals, millets, oil seeds etc. Knowledge of insecticides and pesticide and crop management is also very important thing for our students since they are coming agricultural back ground. Since our curriculum is purely theoretical we would like to enlighten our students with the help of your esteemed instate.

Reporting:

All the correspondence will be maintained by Dr. D. Raghu Ramulu, In charge of the Department of Botany, S.M.L. Govt. Degree College, Yemmiganur.

MEMORANDUM OF UNDERSTANDING

This MoU is executed on the __ May 2023 at Bangalore by and between:

Society of JKC (SJKC), APCCE
And
SGBS UNNATI FOUNDATION (SUF)

Society of JKC, Commissionerate of Collegiate Education represented by the Dr R David Kumar Swamy,Vice President and having office at Mangalagiri (hereinafter referred to as **"SJKC"**) which expression shall unless repugnant to the context or meaning thereof be deemed to include its, executors, administrators, legal representatives, nominees, affiliates and permitted assigns of the **FIRST PART;**

AND

"SGBS Unnati Foundation" a not for profit organization under Section 8 of Companies Act **represented by Mr. I A Padmanabhan alias Ramesh Swamy, The Director**, having its registered office at #1, Temple road, NGEF Layout Sadananda Nagar, Bengaluru - 560038 (hereinafter referred to as **"SUF"**) which expression shall unless repugnant to the subject or context shall mean and include its affiliates, successors, assigns and administrators,

(Both the parties are hereinafter, collectively referred to as the "Parties" and individually as the "Party")

SJKC,APCCE after evaluation has decided to offer skill development training, hereinafter called as "UNXT" to youth who are in Government Degree Colleges(GDCs) final year Students/ Trainees

AND WHEREAS SJKC and SUF, hereby desire to enter into a non-exclusive relationship that will enable SUF to deliver "UNXT" at GDCs.

AND WHEREAS the Parties agree to enter into relationship for mutual benefits at the terms and conditions mentioned in this MoU.

NOW THEREFORE IN CONSIDERATION OF THE MUTUAL COVENANTS AND PROMISES CONTAINED HEREIN AFTER AND FOR OTHER GOOD AND VALUABLECONSIDERATION, THE SUFFICIENCY WHEREOF IS HEREBY ACKNOWLEDGED, THE PARTIES AGREE AS FOLLOWS:

1. DEFINITIONS

(i) In addition to terms and expressions defined elsewhere in this MoU (including

the Recitals), except to the extent that the context requires otherwise, the following words and expressions shall bear the meaning ascribed to them here in below:

- "MoU" means this MoU executed by the Parties.
- "UNXT" means the 30 day -3hr/ day skill development training offered free of cost to Final Year youth in GDCs.
- "Proprietary Information" means trademarks, trade names, and marks, whether registered or not.
- "Term" means the term of this MoU as stated in clause of this MoU.

(ii) Interpretation. In this MoU, headings and bold type are for convenience only and do not affect the interpretation of this MoU and, unless the context otherwise requires:

(a) A reference to the singular includes a reference to the plural and vice versa, and reference to any gender includes a reference to all other genders; and
(b) A reference to an individual shall include his personal representative, successor or legal heir.

2. SCOPE

SUF shall collaborate with Society of JKC to provide training to students during the term of this MoU. The Parties will describe the Services in one or more Schedule of Works (SOW). This MoU will apply to each and every SOW. SUF may enter into SOW with Society of JKC under the terms of this MoU, and in such an event, any necessary local legal and other requirements, to the extent of this MOU, will be documented separately in writing, as may be agreed by both parties.

This MoU expresses the spirit of co-operation and the best intentions of the Parties to achieve the purposes stated herein.

3. ROLE OF SOCIETY OF JKC

a. Will facilitate the running of the "UNXT" program in its centres and in GDCs.
b. The "UNXT" program will run for 3 hours a day for 30 days and will be offered **free of cost.**
c. Will provide all the necessary infrastructure at its colleges to ensure smooth running of the program. Infrastructure includes (i) a classroom and (ii) a Projector or a TV (iii) Internet connection.
d. Society of JKC will appoint a nodal officer to be a Single point of Contact. This officer will work closely with SUF team to ensure smooth implementation of the UNXT Program. This officer will be authorised

officially to do so.

e. SOCIETY OF JKC will ensure 2 batches per day of 35-45 students will be provided for UNXT to make it economically viable for SUF

4. ROLE OF SUF

UNDER "UNXT" Program:

1. Will conduct the UNXT training for 3 hours per batch and a minimum of two batches per day, spanning over 30 working days in each GDC.
2. Will provide access to an **e-learning app with over 600 videos and questions** to the youth who attend the UNXT program.
3. Will provide a UNXT **digital certificate** to students who match the attendance requirement of 90% (27 days of attendance).
4. SUF will assure a job for students who approach them. The jobs will be in Metro Cities and in reputed companies with social securities like ESI & PF.
5. The salaries offered by these companies will be in line with the market.
6. SUF will collect data of students and will upload all relevant data onto NSDC portal.
7. Each ChangeMaker from SUF will conduct 2 batches per day of 35-45 students to make it economically viable

5. IMPACT OF THE PROGRAM

a. SUF is working on a **platform with all necessary filters** for industry, to **facilitate hiring.**

b. Society of JKC, CCE, AP will inform Industry Bodies and large companies in the state to try and hire from this platform as the trained candidates would be of higher quality than what they will find in the market.

6. CONFIDENTIALITY

During the term of this MoU, either Party may receive or have access to technical or Proprietary Information, as well as information about product plans and strategies, promotions, customers and related non-technical business information which the disclosing Party considers to be confidential ("Confidential Information"). In the event Confidential Information is to be disclosed, the Confidential Information shall be marked as confidential at the time of disclosure, or if disclosed orally but stated

to be confidential, shall be designated as confidential in writing by the disclosing Party summarizing the Confidential Information disclosed and sent to the receiving Party within thirty (30) days after such oral disclosure.

Confidential Information may be used by the receiving Party only with respect to the performance of its obligations under this MoU, and only by those employees of the receiving Party and its subcontractors who have a need to know such information for purposes related to this MoU, provided that such subcontractors have signed separate MoUs containing substantially similar confidentiality provisions. The receiving Party shall protect the Confidential Information of the disclosing Party by using the same degree of care (but not less than a reasonable degree of care) to prevent the unauthorized use, dissemination or publication of such Confidential Information, as the receiving Party uses to protect its own confidential information of like nature. The receiving Party's obligation shall be for a period of one (1) year after the date of disclosure.

The obligations stated above shall not apply to any information which is:

- Already known by the receiving Party prior to disclosure.
- Publicly available through no fault of the receiving Party.
- Rightfully received from a third Party without a duty of confidentiality.
- Disclosed by the disclosing Party to a third party without a duty of confidentiality on such third party.
- Independently developed by the receiving Party prior to or independent of the disclosure.
- Disclosed under operation of law.
- Disclosed by the receiving Party with the disclosing Party's prior written approval.

7. TERMS OF COLLABORATION

This MoU is effective from the date of Signing and is valid for three years viz. 2023-26. The continuity of the MoU may be decided by either party after successful completion of the aforesaid term.

Society of JKC and SUF shall jointly review progress of programme and will form the basis for subsequent actions to grow the collaboration, including launching of new programmes and future developments.

8. LIMITATION OF LIABILITY

In no event shall SUF be liable for any incidental, punitive, direct, Indirect or consequential damages whatsoever, (including but not limited to damages for loss of

profits or confidential or other information, for any kind of interruption, for personal injury, for loss of privacy, for failure to meet any duty including of good faith or of reasonable care, negligence, and any other pecuniary or other loss whatsoever) arising out of or in any way related to the use of or inability to use the software, courseware, and other inputs or services provided under this MoU, the provision of information and related content through the software and other inputs, or services or otherwise, arising out of the use of the software and other inputs or otherwise in the event of fault, tort (including negligence), misrepresentation, strict or product liability, breach of contract or breach of warranty and even if the party has been advised of the possibility of such damages.

9. INTELLECTUAL PROPERTY OF SUF

Society of JKC acknowledges and agrees that with respect to goods and services, including marketing collaterals (if any) and other inputs received by them from SUF, no copyrights, trademarks, intellectual property rights or other pecuniary benefits are granted by SUF, to Society of JKC, either expressly, by implication, inducement, estoppels or otherwise.

10. GENERAL CLAUSES

I. No Agency: The Parties hereto agree Society of JKC and SUF is executing this MoU on a principal to principal basis. Nothing herein contained shall constitute any Party as an agent, legal representative, partner, subsidiary, joint venture or employee of the other Party. No Party shall have the right or power to, and shall not bind or obligate in any way, manner or thing whatsoever, the other Parties nor represent to the contrary.

II. Entire MoU: This MoU constitutes the entire MoU between the Parties and shall prevail over any other MoU relating to the subject matter hereof. The Parties declare that they rely upon no representations, conditions, or warranties on the part of the other Parties except as herein contained.

III. Non-Waiver: Any Party to this MoU may (a) extend the time for performance of any of the obligations or other acts of any other Party, (b) waive any inaccuracies in the representations and warranties of any other Party contained herein or in any document delivered by the other Party pursuant thereto or(c) waive compliance with any of the MoUs or conditions of any other Party contained herein. Any such extension or waiver shall be valid only if set forth in an instrument in writing signed by the Party to be bound thereby. Any waiver of any term or condition shall not be construed as a waiver of any subsequent breach or a subsequent waiver of the same term or condition, or a waiver of any other term or condition, of this MoU. The

failure of any Party to assert any of its rights hereunder shall not constitute a waiver of any such rights.

IV. Governing Law: This MoU (and any dispute, controversy, proceedings or claim of whatever nature arising out of or in any way relating to this MoU or its formation) shall be governed by and construed in accordance with laws of India.

V. Jurisdiction: The Parties agree that only the Courts in Bangalore shall have jurisdiction to entertain any proceedings related to this MoU whether during pendency, or after termination. No other Court shall have jurisdiction under this MoU.

VI. Non Assign-ability: The rights and obligations incumbent upon the Parties pursuant to the provisions hereof shall not be ceded or assigned in any circumstances to any third party except as may be agreed. The prior, written consent of SUF shall be required by SOCIETY OF JKC for assigning its rights and obligation under this MoU to an associate, affiliate or franchisee for the purpose of this MoU.

VII. No Disclosure: neither the execution of this MoU or its terms shall be disclosed to any other person by either of the Parties without prior written consent of the other Party unless disclosure is required by Applicable Law or the Laws of India and disclosure shall then only be made after the disclosing Party has taken reasonable steps to consult with the other Party as to the terms of disclosure.

VIII. Expenses: Save as expressly otherwise provided here in, each of the Parties shall bear its own legal, accountancy and other costs, charges and expenses connected with the negotiation, preparation and implementation of this MoU or any other MoU incidental to or referred to in this MoU.

IX. Severability: Each of the provisions contained in this MoU shall be severable, and the unenforceability of one shall not affect the enforceability of any others or of the remainder of this MoU.

X. Amendment: This MoU may not be amended or modified except by an instrument shell be made to this MoU is Society of JKC signed by, or on behalf of, all the Parties.

XI. No Third Party Beneficiaries: This MoU is solely for the benefit of the Parties hereto and no provision of this MoU shall be deemed to confer upon third parties any remedy, claim, liability, reimbursement, claim of action or other right in excess of those existing without reference to this MoU.

XII. Counterparts: This MoU may be executed in any number of counterparts and by the several Parties hereto on separate counterparts, each of which when so

executed, shall be an original, but all the counterparts shall together constitute one and the same instrument.

XIII. Survival: The provisions of Clauses 5, 8 and 9, shall survive the termination or expiration of this MoU.

XIV. FORCE MAJEURE

For the purpose of this MoU, the 'Force Majeure Event' means anything outside the reasonable control of a Party including fire, explosion, power blackout, earthquake, flood, the elements, strike, embargo, labour dispute, civil disorder, riot, act of civil or military authority, act of public enemy, terrorist threat or activity, war (declared or undeclared), act of god, act or omission of carriers or suppliers, restriction of law, regulation, order or other acts of regulatory or governmental agency(ies),interruption or failure of telecommunication or digital transmission link, Internet failure or delay but excluding the occurrence of such events with respect to another customer of the Party.

Neither Party shall be responsible or liable for, or deemed to be in breach of this MOU because of any failure or delay in complying with its obligations under this MOU, due solely to one or more events of Force Majeure, and the periods allowed for the performance by the Parties of such obligation(s)shall be extended on a day-for-day basis from the date of the event of Force Majeure provided that no relief shall be granted to the affected party to the extent that such failure or delay would have nevertheless been experienced by the Party had such Force Majeure event not occurred.

11. DISPUTE RESOLUTION

1. Any dispute arising from or out of the performance of this MoU shall first be settled by the Parties amicably. In case, no amicable settlement can be reached, then such dispute shall be settled by arbitration in accordance with the Arbitration and Conciliation Act, 1996. Each Party will be entitled to appoint one arbitrator and the third arbitrator will be appointed with the consent of two arbitrators. The panel of three arbitrators will arbitrate disputes and the decision of the arbitral tribunal will be final and binding on both the Parties. The expenses of the arbitration will be share equally by the parties to the MoU.

2. The venue of arbitration shall be Bangalore and the language of arbitration shall be English.
3. The award shall be rendered in the English Language and shall be final and binding between the Parties.

12. TERMINATION BY CAUSE:

(i) Each Party shall be titled to terminate this MoU in the event of failure on part of the other Party to rectify or remedy any material breach of its obligations pursuant to and under the MoU within [30] thirty calendar days of receipt of written notice in this regard from non-defaulting Party.

(ii) Each Party shall have the right to terminate this MoU with immediate effect by written notice if the following events occur:

a) Other Party is wound up, liquidated or for any other reason ceases to carry on its business or transfers its business to another entity;

b) A decree or order by a court or governmental agency or authority for the appointment of a receiver or liquidator for the assets and properties of other Party in liquidation proceedings, readjustment of debt, marshalling of assets and liabilities or similar proceeding and the interim order is not vacated within seven [7] calendar days from the date of its issuance.

c) Termination without cause and/or for Convenience: The Parties shall have the right to terminate this MoU without assigning any reason by giving a sixty (60) calendar day's prior written notice to the other Party.

Notices: Any notice provided for or permitted under this MoU will be treated as having been given when a) delivered personally, b) sent by confirmed telecopy, c) sent by commercial overnight courier with written verification of receipt, or d) mailed postage prepaid by certified or registered mail, return receipt requested, to the party to be notified, the address set forth below or at such other place of which the other party has been notified in accordance with the provisions of this clause. Such notice will be treated as having been received upon actual receipt or five days after posting whichever is earlier.
